## Features

1. **Three Dimmable LED Light Settings:** Choose from neutral white, soft white, and natural daylight to simulate any lighting environment for optimal makeup and skincare application.
2. **Wirelessly Connect:** Elevate your makeup and skincare routine with integrated Bluetooth connectivity for music playback and hands-free call answering via the built-in microphone.
3. **2-in-1 Design:** This mirror can be used as either a vanity mirror or a wall-mounted mirror, offering versatile functionality.
4. **Glitz & Glamour in Detail:** The large mirror surface, measuring 17 inches by 11.8 inches, with 15 bright, long-lasting LED bulbs, provides you with a complete view, ensuring you never miss a detail again.

### Warnings

1. Not suitable as a toy for children.
2. Cleaning and user maintenance should not be carried out by children without supervision.

## Package Contents

## Light Setting Options

### Neutral White (6000K)

This true neutral white, free from any red or blue hues, is ideal for creating a flawless, photo-ready appearance.

### Soft White (3500K)

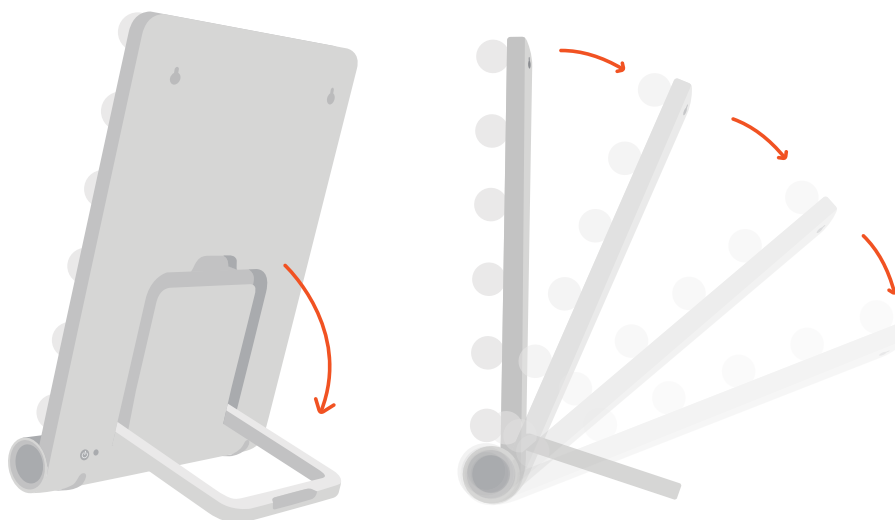

With a warmer tone, free of blue light, this setting is perfect for evening makeup looks, such as for a date night, or for nighttime skincare routines that help you unwind.

### Natural Daylight (5000K)

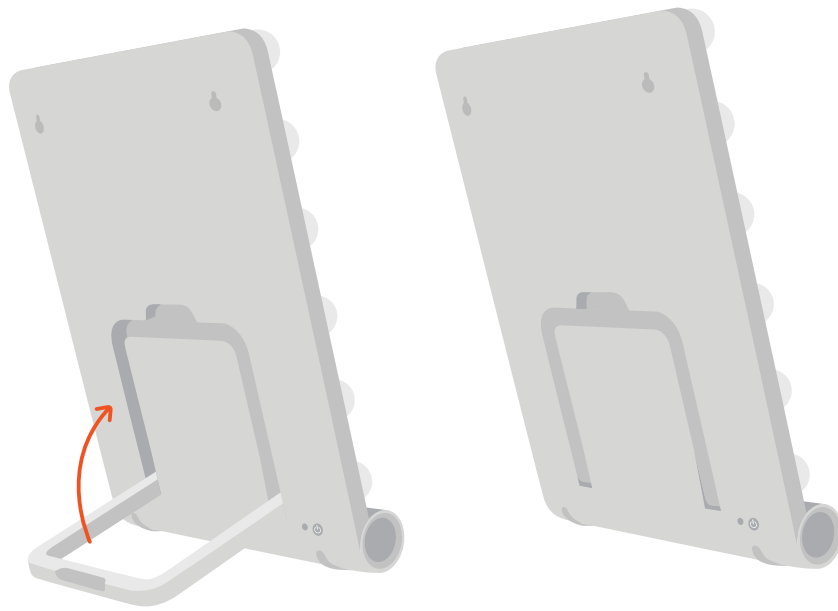

An all-around ideal lighting option for daytime makeup, as it closely mimics natural daylight for an authentic look.

## Instructions for Use

**Step 1:** Place the mirror on a tabletop by pulling out the stand located at the back. Adjust the mirror angle to your preferred position for optimal viewing.

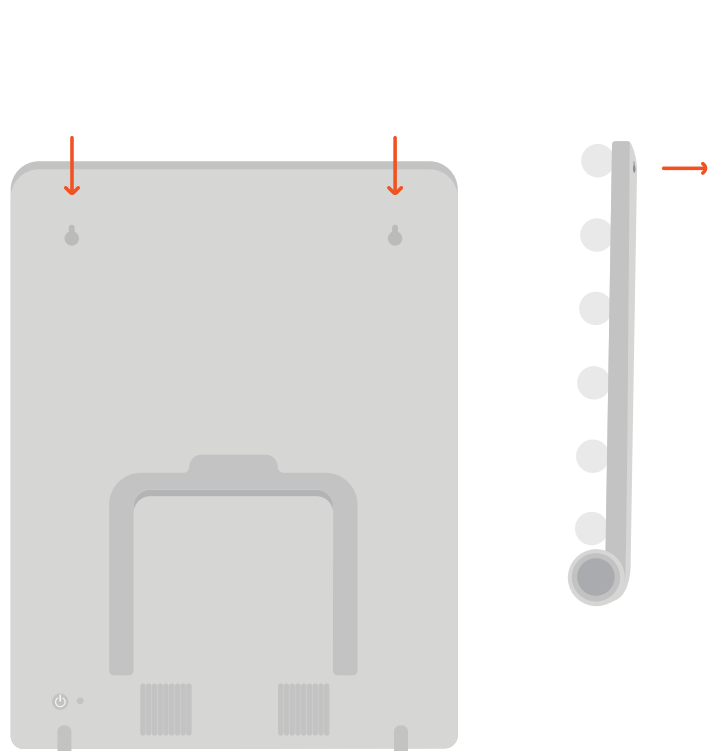

**Step 2:** If you no longer wish to use the mirror as a tabletop version, simply push the stand back into its designated slot for storage.

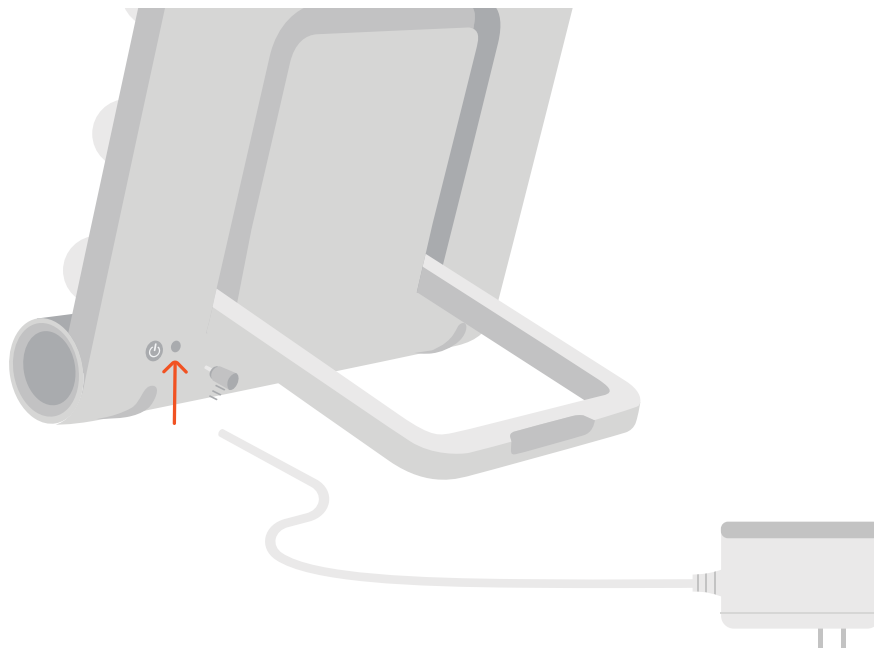

**Step 3:** The mirror can also be mounted on the wall by utilizing the two wall mount holes located on the back.

**Note:** Since wall materials vary, screws for fixing to the wall are not included. For guidance on suitable screws, please contact your local specialized dealer.

**Step 4:** Make sure there is enough space behind the mirror to easily plug it in using the provided power cord, ensuring access to a reliable power source.

## Powering up

1. Ensure the power cord is plugged into a reliable power source.
2. Press the (  ) button on the back of the mirror. The Bluetooth function will automatically turn on.
3. Press the (  ) button on the front of the mirror to turn on the LED lights.
4. The mirror has three different LED light options. To cycle through the different light settings, tap the (  ) button. The mirror will remember the last setting you used when you power it back on.
5. Holding the (  ) button will dim or brighten the light until you reach your desired brightness. The light is dimmable in every setting.
6. To continue using the mirror without the LED lights or to turn them off, simply tap on the (  ) button again. We recommend you turn the power off when you're not using the mirror to save energy.

**Note:** The light will automatically turn off after 30 minutes to conserve power.

**Short press**  
To turn on the light.

**Long press**  
To adjust brightness.

## Bluetooth Pairing

1. Enable Bluetooth (BT) on your device for pairing.
2. Bluetooth automatically turns on when you power on the device.
3. To ensure Bluetooth is on, press and hold the pairing button (represented by the icon) to enter pairing mode.
4. A blue light indicator on the back will blink with a sound, signaling that the device is ready to connect and pair with your mobile phone or tablet. The Bluetooth name of the device is PD-LFST162.
5. Once successfully paired, you can make voice calls and listen to music.

**Tips:** Ensure that your device and the Bluetooth device are within close range. If the devices are not connecting, it may be because they are either out of range or not in pairing mode. If Bluetooth connection issues persist, try resetting both devices, or have them forget the connection and restart the pairing process.

**Note:** If music is playing when a call comes in, the song will pause to allow you to answer the call. The song will resume once the call is ended, as long as the Bluetooth connection remains active. When turning off Bluetooth, you will hear a sound alert indicating that the Bluetooth is being disconnected, which will stop music playback and calls.

## Button Function

**Short press**

**Answer and end calls**

**Play and pause music**

**Long press**

**Turn Bluetooth ON or OFF**

**Short press**

**Play the next song**

**Long press**

**Increase the volume**

**Short press**

**Play the previous song**

**Long press**

**Lower the volume**

**Short press**

**Enable the microphone**

## **Cleaning Guide**

1. Use a glass cleaner or water on a microfiber cloth or squeegee to wipe the glass in circular motions, ensuring no smears are left behind.
2. Gently wipe the LED bulbs with a dry cloth to remove any dust, grime, or dirt, and give them a good polish.
3. Wipe down the rest of the mirror using a slightly damp cloth for a thorough clean.

## **Warnings**

1. Keep this product out of the reach of young children and pets.
2. This product contains glass, which may shatter if dropped. Handle it with care.
3. Avoid placing the mirror in direct sunlight, as the reflection could potentially cause a fire.
4. This mirror is not waterproof. To prevent electrical hazards, keep it away from water.
5. Use the mirror only for its intended purpose.
6. This product should be recycled or disposed of according to local or state guidelines.

## Specifications

Input	12V/2A
LED Bulbs	15pcs
Auto-Off Function	30 Minutes
Material	ABS + Glass
Size	400 x 73 x 550mm
Power Cord	3-Pin UK Plug
Model Number	LFS162

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
