## Bluetooth Pairing

Before using the product for the first time, please ensure the earbuds are fully charged.

### **1.** Wearing the Earbuds

**1.1** Correctly identify the left (L) and right (R) earbuds, and insert them into your ears.

**1.2** Adjust the earbuds for a comfortable fit, and gently shake your head to ensure they stay securely in place.

### **2.** Bluetooth Connection and Use

**2.1** To connect the earbuds to your phone via Bluetooth:

**2.2** Remove the earbuds from the charging case. As you wear them, the earbuds

will automatically power on and pair.

**2.3** Enable Bluetooth on your phone, then search for the Bluetooth device named "PD-STWLEP034." Select the connection and wait for the prompt "Connected."

**2.4** After pairing, you can enjoy music, make phone calls, and use other functions directly through the earbuds.

**2.5** For future use, the earbuds will automatically reconnect to your phone.

**2.6** You can also use either the left (L) or right (R) earbud independently, without needing to pair them again.

## Charging Case

### **1.** Charging the Earbuds

**1.1** Insert the left (L) and right (R) earbuds into their corresponding slots in the charging case. After closing the lid, the earbuds will automatically begin charging.

**1.2** The case's display will show a charging animation for both the left and right earbuds. When the animation stops, the earbuds are fully charged.

### **2.** Charging the Charging Case

Use the included USB cable to connect the charging case to a charger or your PC. The charging case will begin charging, and the case display will show the remaining battery level.

**Warning:** To preserve battery life, if you're not using the earbuds for over 3 months, remember to recharge the case to prevent degradation of the battery.
