6-IN-1 Keyboard and Mouse Set

SKU: PDKBMSC2285

Table of Contents

Keyboard Instructions

1. Keyboard Specifications

Number of Keys	67
Operating Distance	10m
Dimensions	8 × 92 × 305mm
Net Weight	128g
Interface	Bluetooth V5.0
Battery Capacity	DC 5V
Input	90mAh

2. Keyboard Switches

The keyboard is powered by a lithium battery. The switch is in the ON position when the power is on, indicated by a blue power-on light that stays lit for 2 seconds before turning off. The switch is in the OFF position when the power is off.

3. Keyboard Bluetooth Pairing

When the keyboard is powered on, press the pairing button briefly to enter Bluetooth pairing mode. The blue pairing light will flash to indicate pairing mode. Select the keyboard from the list of available Bluetooth devices to establish the connection. The pairing process lasts up to 60 seconds. Once paired, the pairing light will stop flashing. After pairing, the keyboard will automatically reconnect to the Bluetooth device when powered on again.The Bluetooth name is PD_KBCB.

4. Keyboard Sleep Mode

If no key is pressed for 10 minutes, the keyboard enters sleep mode. Pressing any key will wake it and return it to active mode. If the host device disconnects from Bluetooth, the keyboard will automatically enter sleep mode.

5. Keyboard System Switching

Press FN + O to switch to Android mode and enable Android keyboard functions.

Press FN + W to switch to Windows mode and enable Windows keyboard functions.

Press FN + E to switch to iOS mode and enable iOS keyboard functions.

Note: Special characters may require using Alt or AltGr keys along with specific characters.

6. Keyboard Restore Factory Setting Function

Press and hold the J, T, and H keys simultaneously for 3 seconds to clear Bluetooth pairing information and reset the device. The blue light will stay on for 2 seconds to indicate a successful reset.
