Dispaly Screen 13 Android

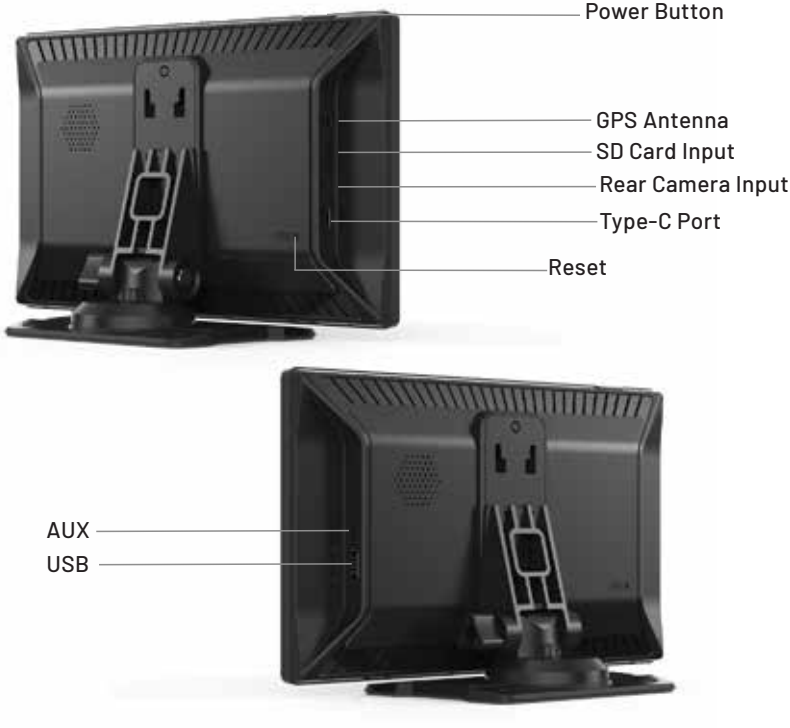
with DVR-4+64GB

SKU: PD-ADSCN

Thank you for purchasing the product. Before installing and using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference. Should you have any inquiries or require assistance, please contact us.

1. Overview

The product is an advanced 8-core car smart player featuring a 9-inch high-definition touchscreen. It includes an integrated GPS for navigation, supports CarPlay and Android Auto, as well as wireless mirroring. Compatibility with both 2.4G/5G WIFI and Over-The-Air (OTA) upgrades is provided. The system is versatile, supporting numerous applications, and is designed to be compatible with car models lacking a display screen, touchscreen, or CarPlay and Android Auto functionality.



2. Package Contents

Item	Picture	Description
Dispaly Screen		9" touchscreen
Lighter		Type-C cable 7~32V/3A The item can be used as a lighter or power output.
Short Base		Supports the display and enables its stationary installation on the car's console.
Long Base		Supports the display and enables its stationary installation on the car's windshield.
AUX Cable		Connects the display to car's stereo.
GPS Antenna		Used for calibration and navigation.
