## Product Features

1. The retractable cable with an independent PD port supports multiple fast charging protocols and delivers a maximum output of 65W when the input voltage exceeds 20V.
2. The 80cm retractable cable is designed for easy storage and convenient use.
3. The multicolored ambient light allows you to easily switch on/off and adjust between different lighting modes with a single click.
4. The device is capable of detecting the car's battery voltage.
5. The device supports U-disk playback for MP3 files.

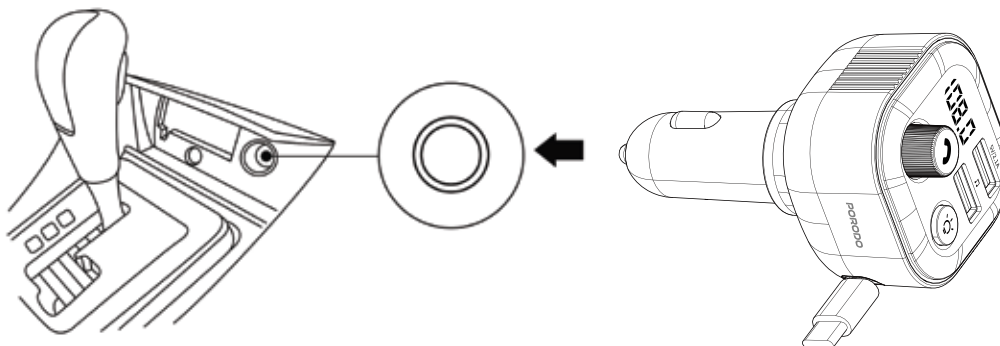

## Product Diagram

1. USB Charging Port
2. LED Display
3. U-Disk for MP3 Playback
4. Play/Pause, Answer/End Call, Frequency Up/Down
5. Light Control
6. PD Retractable Cable
7. Lighter Port Connector

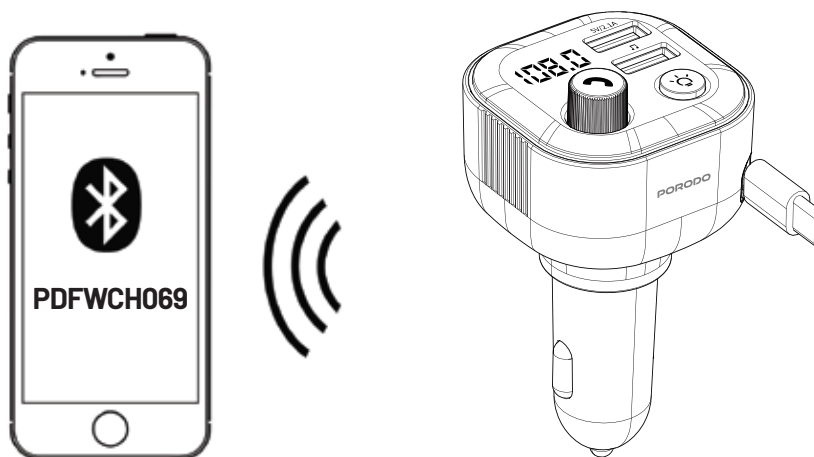

## Bluetooth Connection

1. Start the car engine.
2. Insert the product into the cigarette lighter port. The LED ambient light and display will flash alternately.

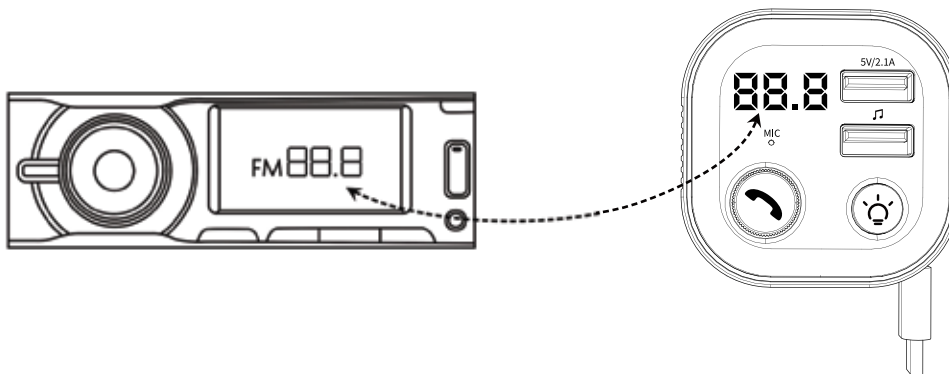

3. Enable Bluetooth (BT) on your mobile phone and search for the product name "PDFWCH069". Once connected, you will hear a voice prompt, and the rhythm light and display will activate.

**Note:** The device has a memory function and will automatically reconnect once powered on again, provided the mobile phone's Bluetooth is enabled.

## Tune the Car FM Radio

Turn on the car's FM radio and set it to a blank frequency. Press and hold the "🔍" button to enter frequency modulation mode. The LED will flash, indicating it's in the mode. Adjust the FM frequency to match your car's radio channel. If no action is detected within 5 seconds, the system will automatically exit the mode.

Frequency +	Rotate clockwise 
Frequency -	Rotate counterclockwise 

## Music Playback Function

When connected to Bluetooth (BT), you can play music from your phone through wireless transmission to your car's stereo. You can control music playback (Play/Pause, Previous/Next track) either from your phone or the device itself. If both USB and BT are playing music at the same time, the device will prioritize the last source. For example, if the USB disk is inserted last, music from the USB will play first. If a call or ringtone alert is received, the device will automatically switch back to phone audio.

## Button Functions

Function	Action
Play/Pause	Short press 
Previous Song	Rotate counterclockwise 
Next Song	Rotate clockwise 
Light Mode	Short press 
Turn Bass Boost On/Off	Press and hold for 3 seconds 

## Call Management

Once the device is successfully connected, you can make and receive calls hands-free, ensuring a safe driving experience.

Function	Action
Answer/End Call	Short press 
Reject Incoming Call	Long press 
Last Number Redial	Double click 

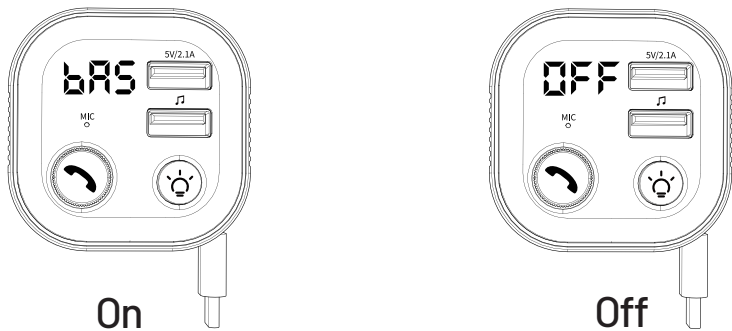

## Multi-color Ambient Light

To toggle the multi-color ambient light mode press the (  ) button as instructed:

- Press Once:** Toggle multi-color mode.
  - Press Twice:** Toggle white light.
  - Press Three Times:** Toggle ice blue light.
  - Press Four Times:** Turn off the lighting mode.
- The cycle will repeat in this order.

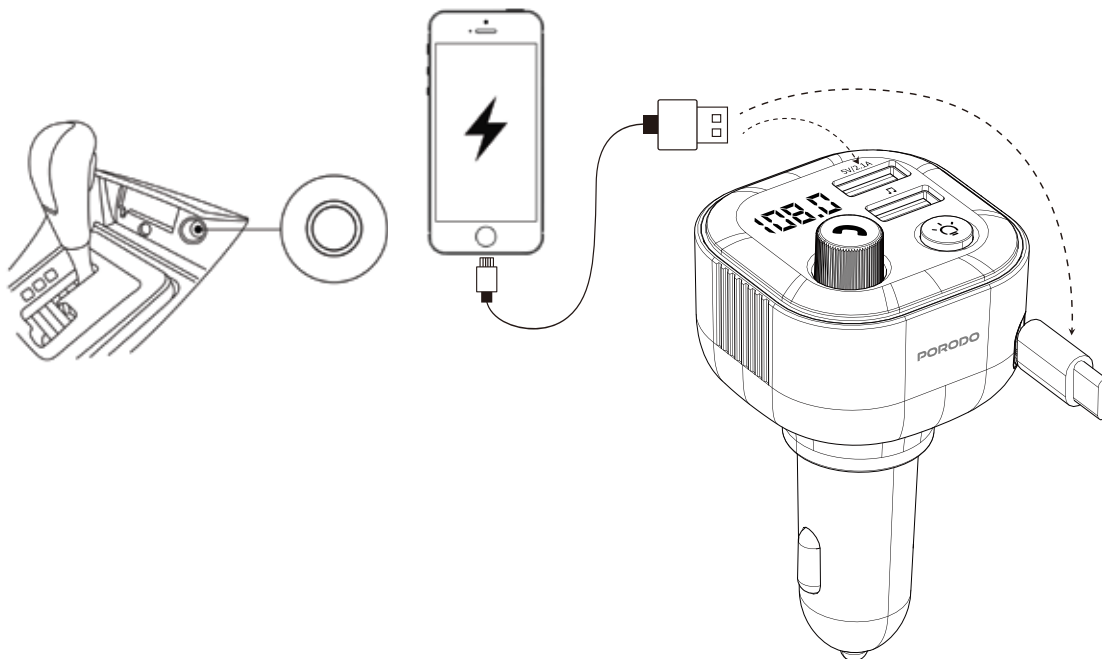

## Bass Effect

1. Press the Light Mode (  ) button for three seconds to activate the bass boost mode.
2. The screen will display (bAS) and then automatically revert to showing the FM channel.
3. To deactivate the bass effect, press the button again. The screen will display(OFF) and then show the FM channel.

## Charging Function

1. This product features a retractable PD charging cable and two USB ports.
2. The USB port marked 2.1A is for charging devices with a 5V/2.1A output.
3. The USB port with the ( 🎵 ) symbol is for the U-disk to play MP3 files.
