Soundtec Waterproof IP65
Portable Bluetooth Speaker

SKU: PD-STWPBS

Table of Contents

Before installing and using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Safety Warnings

1. Avoid installing the appliance in confined spaces, such as bookcases or built-in cabinets.

2. Prevent battery packs or installed batteries from being subjected to excessive heat, like direct sunlight or fire, for extended periods.

3. Protect the batteries from extremely low temperatures to avert overheating and thermal runaway risks.

4. Under no circumstances should you dismantle, open, or shred secondary cells or batteries.

5. In the unfortunate event of cell leakage, take care to prevent any liquid from coming into contact with skin or eyes. If such contact occurs, immediately flush the area with plenty of water and seek medical advice.

6. For optimal performance and safety, charge secondary cells and batteries before first use, adhering strictly to the provided guidelines for the appropriate charger and charging instructions.

7. Following prolonged storage, it may be necessary to charge and discharge the cells or batteries several times to achieve peak performance.

**8.** Ensure proper disposal of batteries in accordance with environmental regulations.

Caution

1. Avoid using or storing the device in extremely cold or hot conditions, outside the safe operating temperature range of 5°C to 35°C (41°F to 95°F). If the device is operated or left in temperatures outside of this range, it may automatically shut down to protect its internal components.

2. At high temperatures, charging may be interrupted or the audio volume may decrease as a measure to safeguard the battery.

3. Should you plan not to use the device for an extended period, it is recommended to fully charge the battery every six months to ensure the preservation of its performance.

Features

1. The device features a high-quality ABS rubber oil finish and a premium waterproof cloth mesh, enhancing its texture and durability.

2. Certified with an IP65 waterproof rating, it offers peace of mind for outdoor use.

3. It includes auxiliary and TF card support, allowing for music playback from various sources.

4. Equipped with Bluetooth 5.3 and HiFi sound quality, it delivers rich, deep bass and crystal-clear treble, ideal for an immersive audio experience whether you're enjoying music, movies, or gaming.

5. Its portable and lightweight design makes it an excellent companion for on-the-go activities like picnics, camping, or any outdoor adventure.

6. The speaker boasts a long battery life, capable of up to 8 hours of playtime, letting you savor your music throughout the day.

7. This IPX5 certified device is versatile enough to handle any setting, including the beach, poolside, or even your shower.

8. For an amplified stereo effect, this speaker features TWS (True Wireless Stereo) pairing, allowing you to link two speakers for an expansive stereo sound experience.

7. 3.5mm Headphone Jack
8. Protective Silicone Cover
9. Attachment Point for Strap

Specifications

Speaker Size	40mm ×1
Battery	Built-in 1800mAh
Charging voltage	DC 5V/1A
Rated impedance	4Ω
Rated power	5W
Frequency Response	20Hz-20Khz
Charging Time	4-6 hours
Working Time	8 hours (2/3 Volume Level)
Standby Time	80 hours
Bluetooth Name	ST-Clap
Size	66×66×96mm
Net Weight	175gr
Charging Port	Type-C
Charging indicator light	Charging: Red Light, Charging Complete: Light is Off
TWS	Support
TF Card	Support
Low Battery Prompt	Support (Audible Noise Prompt)
Supports Audio Formats	MP3 / WAV / WMA / FLAC / APE etc.
Material	ABS Rubber Oil + Cloth Mesh

Usage Instructions

1. (▶️⏻) Power Button: Press and hold the power button to switch the speaker on or off. A quick press will play or pause your music.

2. (➕) Volume Control: Press and hold to increase the volume. A quick press will skip to the next track.

3. (➖) Volume Control: Press and hold to decrease the volume. A quick press will go to the previous track.

4. (◎ AUX) Audio Input: Connecting a 3.5mm audio cable to the AUX port automatically switches the speaker to AUX mode.

5. (‖ TF) Micro SD Card Slot: Insert a Micro SD card into the slot to automatically enter SD Card mode. This speaker is compatible with MP3, AAC, WAV, FLAC, APE, WMA, and other audio formats.

6. (⬭ DC 5V) Charging Port: Use this port to recharge your speaker.

7. (◯) Charging Indicator: A red light indicates that the speaker is charging. The light turns off when the speaker is fully charged.

8. TWS Function: To enable stereo sound, turn on two speakers and double-click the "+" button. After they pair, connect to your Bluetooth device to enjoy stereo music. Note that the Bluetooth name is "ST-Clap". Double-click the "+" button again to disconnect the TWS function.

Note: The battery life of this product varies based on the volume level and music playback.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **https://porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
