Instructions for Use

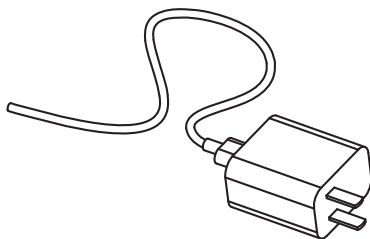

Press the button to start grinding. The power indicator will light up when the grinder is in operation.

The power indicator flashes during charging. Once fully charged, the 100 % indicator will light up.

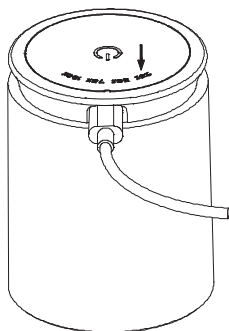

The grinder will automatically stop once all the coffee beans are ground. Grinding can also be stopped by pressing the button again.

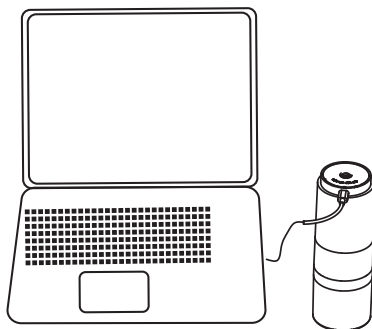

The grinder can be charged via a plug.

Charging Guide

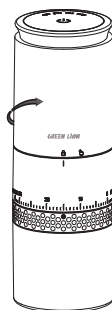

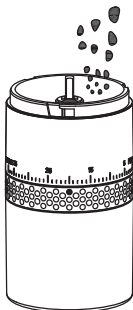

The opening on the top is the USB charging port, and the power indicator will flash while charging.

Alternatively, you can charge it using your computer.

Refilling Instructions

1. Rotate the top portion of the hopper clockwise to open the coffee bean compartment.
2. Add coffee beans to the center of the hopper.
3. For optimal grinding, we recommend filling approximately 80 % of the hopper with coffee beans.
4. Rotate the top portion of the hopper counterclockwise to close the coffee bean compartment.

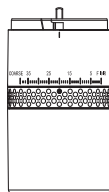

Adjusting the Grind Level

1. The grind level adjustment ring is located at the bottom of the machine.
2. To achieve a finer grind, turn the ring clockwise.
3. To achieve a coarser grind, turn the ring counterclockwise.

Notice:

- a. Use a damp cloth to clean the exterior of the grinder.
- b. Avoid placing the top core in water.
- c. Store the product in a dry location.
