Usage Note

The device is connected to the power supply through the charging cable and can then be powered on.

1. To charge the mobile phone, place it in the mobile phone charging area. The magnetic wireless charging will automatically align using magnetic force.
2. To charge the Apple Watch, place the iWatch flat in the charging area to start charging.
3. To charge the earphones, place them flat in the charging area to begin charging.

Important Note

It is recommended to use the supplied charging cable for power supply, and not the original iPhone cable.

For optimal charging, please use the above 30W USB-C PD wall charger. This item is certified by Qi2 and requires an iPhone software update to iOS 17.2 or higher.

If you use a protective shell, please use the mobile phone protection shell with MagSafe function.

Please do not use the mobile phone protection shell with a metal back or any shell thicker than 4mm.
