Before installing and using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Features

- 1. Capacity:** The product has a capacity of 520ml, suitable for holding a substantial amount of beverage.
- 2. Keep Cold:** Designed to maintain the cold temperature of your drinks for up to 10 hours, ensuring refreshment throughout the day.
- 3. Keep Warm:** Capable of keeping beverages warm for up to 8 hours, making it ideal for enjoying hot drinks for extended periods.
- 4. Material:** The inner layer is made from SUS 316 stainless steel, known for its corrosion resistance, while the outer layer is made from SUS 304 stainless steel for added durability; components like the cup are made from food-grade polypropylene ensuring safety and quality.

Product Overview

- A. Drinkable Lid:** Allows for easy sipping directly from the cup.
- B. Rubber Plug:** Seals the drinkable lid to prevent leaks.
- C. Straw:** Provides an alternative drinking option for convenience.
- D. Cup Cover:** Protects the contents and maintains temperature.
- E. Silicone Sleeve:** Offers a comfortable grip and protects hands from heat.
- F. Tea Filter Components:** Allows for brewing tea directly in the cup, featuring a detachable design for easy cleaning and use.
