SKU	LPMCGS
Voltage	7.4V
Battery capacity	×2 800mAh (1600mAh)
Charging Method	USB Type-C
Material	ABS, Ceramic grinder, Stainless Steel
Container Capacity	18gr
Cup Capacity	250ml
Working Time	15 grind cycles on a full charge
Recharge Time	2-3hrs
Suitable Beans	Medium or dark roasted coffee bean

Schematic View

A: Lid

B: Light Indicator

C: Button

D: USB Interface

E: Adjustable Ring

F: Grinder

G: Glass Bottle

Instructions for Use

1. Open the motor by turning it clockwise.
2. Fill the coffee bean container with beans. To ensure optimal grinding, it is recommended to fill the container to 80 % capacity.
3. Close the unit by placing the motor back and turning it anticlockwise.
4. Adjust the grind size to either fine or coarse by using the adjustable ring (E).
5. Start the grinding process by pressing the button (C). The motor will automatically stop once all the coffee beans have been ground.
6. To remove the grinder (F), turn it anticlockwise. The ground coffee will be deposited into the glass bottle (G).
7. Seal and store the coffee by placing the lid (A) on the glass bottle (G).

Charge Indications

1. Insert the small USB plug into the USB interface (D).
2. Connect the large USB plug to the computer socket (you may also use a cellphone adapter for charging).

3. While the grinder is charging, the light (B) displays the power level increasing.
4. Each light represents an increase of 25 % in battery capacity.
5. When all four lights are on, it indicates that the battery is fully charged.
6. Please ensure to recharge when only one light remains.
7. When the blue light flashes twice, it signifies that the grinder is out of power.

Reset Function

If the grinder does not stop automatically after the coffee beans have been depleted, you can reset the program as instructed below.

1. Remove the motor from the grinder.
2. Press and hold the button for 10 seconds until the electric indication light (B) twinkles and the grinder starts to operate.

Maintenance

1. After using, gently clean the ceramic grinder with a brush.
2. You may wash all parts except for the motor.
3. Ensure the product is dry before using; keep the product dry.
4. Charge the product for 4 hours before the first use.
5. Charge the product once every three months for at least to maintain the battery life.

Precautions

1. Keep away from children.
2. Store the motor in a dry place.
3. Ensure there are no hard objects inside.

Warranty

Products that you buy directly from our **LePresso** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **LePresso** website or store. If **LePresso** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.lepresso.com/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
