K Product Overview

K Function Operation

1. Fan Function:

1.1 Press the button once to turn the fan to gear.

1.2 Press again to switch to gear 2, and once more for gear 3.

1.3 Press the button a fourth time to turn off the fan.

2. Protection Function: If the fan encounters any issues (such as the fan motor not rotating or the fan blades falling off), it will automatically shut down.

3. Type-C Charging Port: The Type-C charging port on the fan body is used to charge the fan.

Indicator Light Display

1. Gear Indicator:

Gear 1: The indicator light (white) is dim.

Gear 2: The indicator light (white) is moderately bright.

Gear 3: The indicator light (white) is bright.

2. Protection Indicator: If the fan is abnormal, the gear indicator will flash for 3 seconds.

3. Low Battery Indicator: When the battery is low, the gear indicator flashes until the fan shuts down. If the fan is started after shutdown, the gear indicator will flash 10 times quickly, indicating that the function is unavailable.

4. Charging Indicator: While charging, the charging indicator light (red) will be on. When fully charged, the charging indicator light will turn off.
