Wearing Method

Place the neckband around your neck, with the headphones resting on your cheekbones, just in front of your ears. They should not be placed directly on the ears.

Charging Guide

1. It is recommended to fully charge the headphones before using them for the first time.
2. Do not use the headphones while they are charging.
3. If the headphones are not used for an extended period, charge them at least once every 3 months to maintain their battery life.

Safety Precautions

1. The product contains a battery; mishandling could result in dangerous consequences.
2. Do not expose the battery (battery pack or combination battery) to extreme conditions such as direct sunlight, fire, or overheating.
3. Avoid using the device during thunderstorms, as this may affect its performance and increase the risk of electric shock.

4. Do not dismantle or modify the headset for any reason, as this may cause malfunctions or damage, which is not covered by the warranty.
 5. Do not disassemble the product yourself, as this could cause damage.
 6. Always place the headset in the correct position when charging.
 7. Keep the device out of reach of children.
 8. Do not expose the product to high temperatures, and avoid leaving it in a hot car.
 9. The headset is sweat and water-resistant, but it should not be immersed in water or exposed to excessive moisture.
 10. Protect the device from drops or impacts to prevent damage.
 11. Avoid using the device in high humidity environments.
 12. Listening to music at high volumes for extended periods can cause hearing damage. Please adjust the volume appropriately during use.
- Note:** Avoid using abrasive cleaners to clean the device.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
