Fn + F6 = Next Track	Fn + F12 = Favorite

Instructions for Use

A. Sleep Mode

If there is no activity on the keyboard and mouse for 10 minutes, they automatically enter sleep mode.

Any button press will immediately restore them to their active state.

B. Low Voltage Indicator

When the voltage of the keyboard and mouse falls below 3.2V, a red LED will flash as a warning.

C. Operation

1. Open the battery compartment of both the keyboard and mouse, and insert one AAA battery into each.
2. Connect the USB receiver to your computer's USB port.
3. Activate the power switch to "on"; the corresponding indicator light will illuminate for two seconds before turning off.
4. Your devices are now ready for use.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
