Features

1. The lamp features a full-size high-tension grid that efficiently electrocutes insects upon contact, ensuring effective pest control.
2. Constructed entirely from strong and durable ABS plastic, the lamp is both lightweight and portable, making it easy to relocate as needed.
3. It includes a removable collection tray that simplifies the process of disposing of dead insects, ensuring easy and hygienic maintenance.
4. Equipped with high-quality UVA lamps, the device offers a reliable working life span of 5,000 to 8,000 hours, maximizing longevity and effectiveness in attracting insects.
5. The design allows for versatile placement, enabling the lamp to be either ceiling-suspended or freestanding to accommodate various space configurations and usage needs.

Overview

The insect killer utilizes UVA tubes to attract flying insects such as flies, moths, mosquitoes, and other pests. Once attracted, the insects are electrocuted by electrically charged high voltage metal grids. This series of insect killers features modern, sleek designs that prioritize high efficiency and safety. The grids are designed to resist clogging and do not rust, crack, or fade over time. The UVA tubes emit ultraviolet rays that are harmless to humans and pets, and an outer mesh protects users from accidental contact with the high-tension grids. This device operates chemical-free, producing no fumes, odors, sprays, or mess, making it environmentally friendly. It is ideal for indoor environments including homes, factories, food shops, and hospitals.

Specifications

Voltage	220V-240V 60/50Hz
Total Power	15W (1PCS 15W light tube)
Material	Iron, ABS
Suitable Range	80 m
Product Size	45x11.5x19.5cm
Weight	1.6kg
Power Cord Length	1.0m
Coverage Area (SQM)	50m ²
Killing Voltage (VOLT)	1800-2000V

Warnings

1. Before using the insect killer, ensure the local voltage is compatible to prevent electrical hazards.
2. Do not touch the internal high voltage grids while the unit is operating to avoid the risk of electric shock. Additionally, avoid placing any metal objects inside the grids.
3. This appliance is designed for indoor use only and should not be used in barns, stables, or any environments where flammable vapors or explosive dust are present.
4. Install the appliance in a location out of reach of children and those with reduced physical, sensory, or mental capabilities, unless closely supervised by a responsible adult.

5. Ensure that children are supervised and do not operate the appliance alone. Prevent unauthorized adjustments by ensuring all parts are secure and intact.
6. If the power cord is damaged, it must be replaced by the manufacturer or a similarly qualified person to avoid potential hazards.
7. Always unplug the appliance before cleaning. Use a suitable brush to clean the high voltage metal grids and empty the insect collection tray weekly. Ensure the device is powered off during this process.
8. Avoid touching the high-voltage grids with your fingers or any metallic objects. Do not wash the unit with water or expose it to rain.
9. The appliance is not suitable for use in locations that are inflammable or explosive, such as garages or stables.
10. Repairs and maintenance should be carried out by the manufacturer or qualified electricians only. Verify that your local voltage and frequency settings are suitable for the appliance.
11. Check that the earth-connection is functioning properly to prevent any potential damage or danger.
12. For lamp replacement, consult the manufacturer or its service agent to use approved lamps only.

Warning: Due to the dangerous high voltage, keep the insect killer well away from children's reach to ensure safety.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at [**https://www.greenlion.net/warranty**](https://www.greenlion.net/warranty) and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
