## Features

1. The lamp features a full-size grid that efficiently zaps and kills insects on contact, ensuring high efficacy in pest control.
2. Crafted entirely from strong and durable ABS plastic, this lamp is both lightweight and portable, making it easy to move and position as needed.
3. It comes equipped with a removable collection tray, facilitating easy disposal of dead insects and simplifying the cleaning process.
4. The lamp includes quality UVA lamps that provide a long service life of between 5,000 to 8,000 hours, enhancing its effectiveness and longevity.
5. This insect-killing lamp can be either ceiling-suspended or freestanding, offering flexible installation options to suit various spatial requirements.

## Overview

The insect killer efficiently attracts flying insects such as flies, moths, mosquitoes, and other pests using UVA tubes. Once attracted, these insects are swiftly electrocuted by the device's high-voltage metal grids. Designed for high efficiency and safety, the insect killer features sleek, modern styles with durable, non-clogging grids that resist rusting, cracking, or fading. The specially designed UVA tubes emit ultraviolet rays that are completely harmless to humans and pets, while an outer mesh guard prevents accidental contact with the electrified grids. This eco-friendly device operates without the use of chemicals, producing no fumes, odors, sprays, or residues. It is perfectly suited for indoor environments such as homes, factories, food shops, butcher shops, storage facilities, and hospitals.

## Specifications

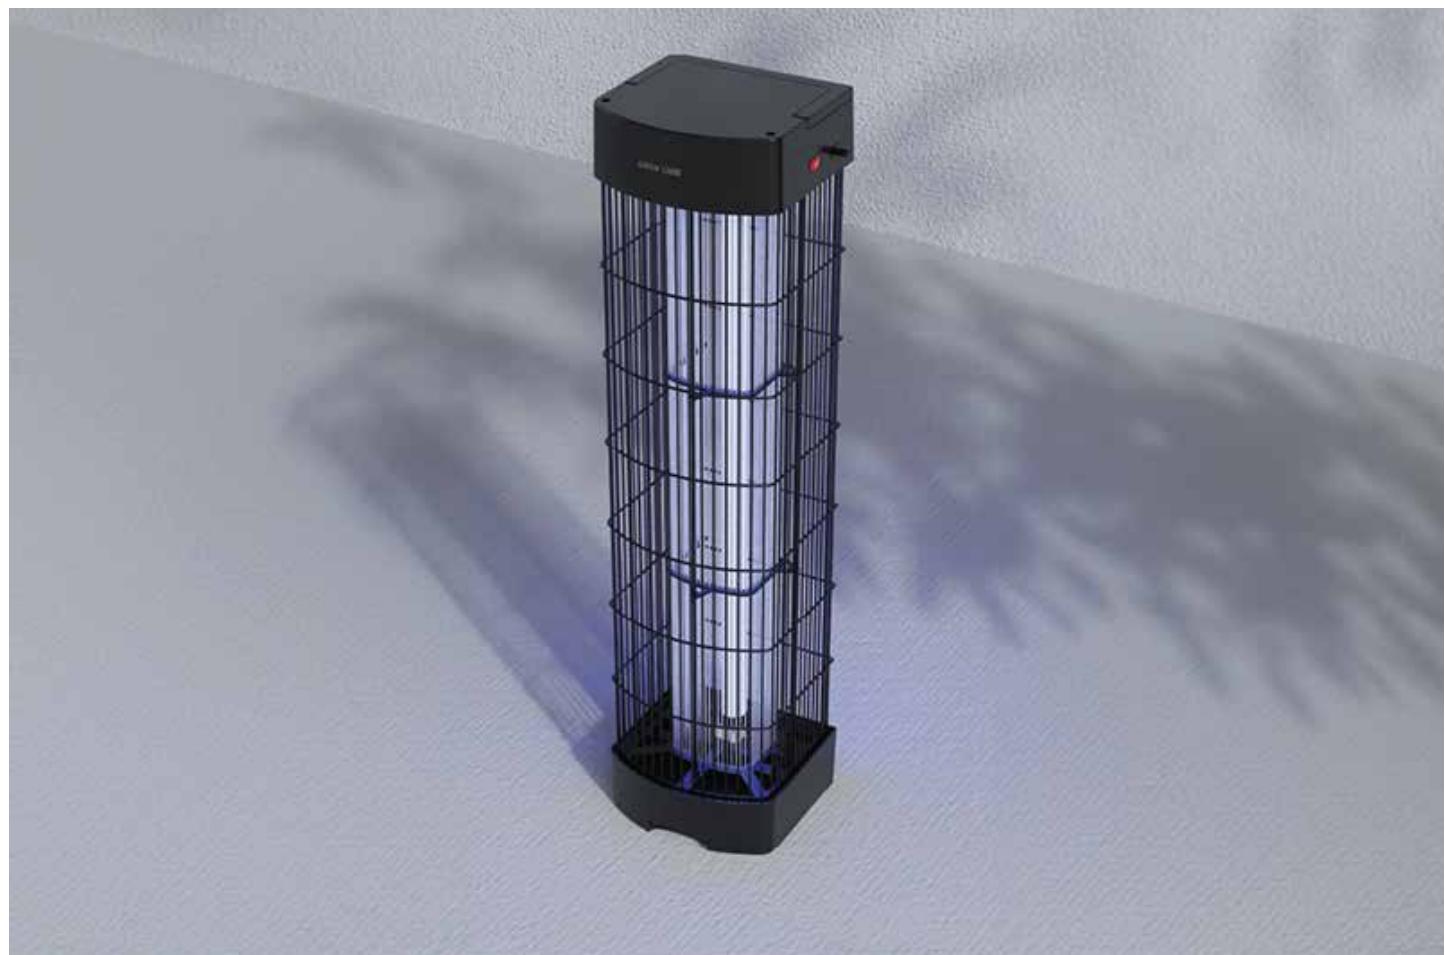

Voltage	220V-240V 60/50Hz
Total power	20W (1PCS 18W light tube)
Material	Iron, ABS
Product Size	180×160×720mm
Weight	1.8kg
Power cord length	1.0m
Coverage area (SQM)	60m <sup>2</sup>
Killing Voltage (VOLT)	1800-2000V

## Warnings

1. Before use, confirm that the local voltage matches the appliance requirements to avoid the risk of electric shock.
2. Avoid touching the internal high voltage grids during operation. Never insert any metal objects inside the grids while the appliance is powered on.
3. This device is intended for indoor use only and should not be placed in barns, stables, or areas prone to flammable vapors or explosive dust.
4. Install the appliance in a location that children or individuals with reduced physical, sensory, or mental capabilities cannot reach, unless they are under close supervision.
5. Ensure that children are supervised around the device and do not allow them to operate it unsupervised. Avoid making any internal adjustments to the appliance to prevent electric shock.

6. If the power cord is damaged, have it replaced by the manufacturer or a qualified technician to prevent hazards.
7. Disconnect the appliance before cleaning. Use a suitable brush to clean the high voltage grids and empty the insect collection tray weekly, ensuring the device is turned off during maintenance.
8. Do not touch the grids with bare hands or metal objects and avoid washing the unit with water or exposing it to rain.
9. Do not operate the appliance in inflammable or explosive environments. Ensure that any necessary repairs are conducted by qualified personnel.
10. Confirm that your appliance's voltage and frequency settings align with local standards to ensure proper operation.
11. Regularly check that the earth connection is functional to prevent potential risks.
12. For lamp replacement, contact the manufacturer or a service agent and use only approved lamps.

**Warning:** Due to the high voltage operation, keep the insect killer out of reach of children and inform all users of the potential risks involved.

## **Warranty**

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at [\*\*https://www.greenlion.net/warranty\*\*](https://www.greenlion.net/warranty) and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
