Features

1. Dual spray port design, allowing separate diffusion of water and essential oils.
2. Two spray modes: continuous spray mode or intermittent spray mode.
3. Three fragrance options: intelligent spray mode, light fragrance mode, and strong fragrance mode.
4. Built-in battery for wireless humidification.
5. Colorful running lights for enhanced cooling and humidification experience.
6. Equipped with a smart start-stop function for car use, offering convenience and efficiency.

Specifications

Battery Capacity	900mAh
Charging Port	Type-C
Input	5V/1A
Rated Power	2W
Working Time	4 hours (Continuous Mist) 8 hours (Intermittent Mist)
Water Tank Capacity	300ML
Spray Volume	50-30ml/h

Accessories

1. One bottle lavender soluble essential oil (10ml)
2. Two essential oil cotton swab
3. Two absorbent cotton swab

Instructions for Use

1. Continuous Mist

Press the left button once to activate continuous spray mode with intelligent scent mode and colorful lighting. In intelligent scent mode, the diffuser sprays

for 2 seconds, followed by 5 minutes of intervals where it sprays once every minute for 0.5 seconds. After the initial 5 minutes, it will spray once every 5 minutes, with each spray lasting 0.5 seconds. In continuous spray mode, the machine will automatically shut off after 4 hours.

2. Intermittent Mist

Press the left button again to switch to interval spray mode, where the colorful lights remain active. Press the left button a third time to turn off both the spray and the colorful lighting. In interval spray mode, the device will automatically shut off after 8 hours.

3. Light Mist

Press the right button to activate the light scent spray mode. The diffuser will spray for 2 seconds, followed by 7-minute intervals where it sprays once for 0.5 seconds. After 5 minutes, it will spray every 5 minutes, with each spray lasting 0.5 seconds. The machine will automatically turn off after 4 hours.

4. Strong Mist

Press the right button again to activate the strong scent spray mode. The diffuser will spray for 2 seconds, followed by 3-minute intervals where it sprays once for 0.5 seconds. After 5 minutes, it will spray every 5 minutes, with each spray lasting 0.5 seconds. The machine will automatically turn off after 4 hours.

5. Auto Start-Stop Mode Activation

For Auto Start-Stop Mode: Hold the right button for 1.5 seconds until the green light appears, activating auto start-stop mode. The machine will enter standby if no vibration is detected for 7 minutes and will automatically resume continuous spray mode when it detects movement. The machine will automatically turn off after 4 hours in this mode.

Precautions

- 1.** Please use clean tap water or mineral water, and avoid distilled water, as it may affect the humidification performance.
- 2.** Use only water-soluble essential oils in the scent spray.
- 3.** Avoid oil-based essential oils, which can cause clogging of the spray nozzle.
- 4.** Ensure the water container is filled to less than 90% of its capacity.
- 5.** Add water and wait 1-2 minutes for the cotton swab to absorb the water before pressing the switch to activate the corresponding mode.
- 6.** Avoid touching the metal atomizer on top of the product with your hands or any hard objects to prevent damage.
- 7.** If no spray or a reduced spray is noticed, the cotton swab may not be sufficiently absorbent, or there may be insufficient water or power.
- 8.** If the spray has an unpleasant odor, it may be due to deteriorated water. Replace both the water and the cotton swab.
- 9.** This product features an automatic timer shutdown.
- 10.** Once the preset timer mode is complete, the machine will automatically turn off.
- 11.** If you need to restart, first check the water level in the tank, then press the function button to resume operation.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
