Features

- 1.** Do not leave the light plugged in after it is fully charged to prevent potential damage to the battery.
- 2.** Do not expose the light to moisture, water, or liquids to prevent short-circuiting and damage to the internal components.
- 3.** Always ensure that the light is securely clipped onto a stable surface to prevent accidental falls and damage.
- 4.** Disconnect the light when not in use to conserve battery life and prevent unnecessary wear.
- 5.** Do not drop the light or expose it to strong impacts, as this may damage the internal components or affect performance.

- 6.** Ensure the clip-on light is used only with devices that are compatible with the clip or camera shoe mount to avoid damaging your equipment.
- 7.** Do not block any air vents or ventilation holes on the light to ensure proper heat dissipation during use.
- 8.** When handling the light, ensure your hands are clean to avoid transferring oils or dirt to the light surface, which could affect its performance.
- 9.** Keep the light away from extreme heat or cold, as high or low temperatures can negatively impact the battery and the light's performance.
- 10.** When not in use, store the light in a cool, dry place away from direct sunlight or moisture to maintain its condition and ensure long-term functionality.
