Safety Guidelines

1. Please adhere strictly to the instructions provided in this manual.

2. Do not disassemble or modify the device for any reason, as this could lead to the earphones malfunctioning or becoming a fire hazard.

3. Avoid exposing the product to liquids; do not submerge or rinse it in water.

4. Use only a charger with the specified current and voltage (5V/1A) to charge the headset.

5. Using an incompatible charger can damage the battery and the earphone. Always use the designated charging cable provided.

6. Store and operate this product within normal temperature ranges. Avoid environments where the temperature falls below 0°C or exceeds 45°C.

7. Ensure the openings of the headset, such as the charging port and microphone, are not obstructed.

8. Please avoid using headphones at excessive volume or for prolonged periods to prevent dizziness and hearing damage.

9. Avoid using the device during thunderstorm conditions, as this may cause abnormal operation and disrupt the signal.
