Portal Indicator Guide

Charging: A solid red light indicates the device is currently charging.

Fully Charged: A solid blue light signifies that the device is fully charged.

Not Charging: The indicator light will be off when the device is not charging.

Stand Indicator Guide

* All red lights will flash to indicate an over-current condition.
* Flashing red lights signal either over-voltage or under-voltage.
* Red lights will flash if there is a short circuit.

Function Description

Light Touch Control Button Operation:

1. To Turn Off the Lights: Press and hold the button for 3 seconds to turn off the light group.
2. To Turn On the Lights: Press and hold the button for 3 seconds again to turn on the light group.

Ambient Lighting

| To change the lighting color, briefly press the button to cycle through the available colors |
|---|
| Red → Blue → Green → Yellow → Pink → White → Breathing Rainbow Light. |

Power Input Port

The stand is connected to the USB-A port located at the back of the PS5 console using the provided USB-A to Type-C cable. The stand receives power through this charging cable.

Precautions for Use

1. During charging, ensure proper ventilation and avoid covering the fan outlet or console outlet with items such as clothing, plastic bags, or similar materials.

2. Do not use the product in damp or high-temperature environments.

3. Do not attempt to modify or disassemble the product.

4. If dirt accumulates on the charging pins after extended use, clean them with a cloth to maintain proper charging functionality.

5. When powered on, the lighting will automatically resume from the last color setting used before the device was powered off or experienced a power loss.
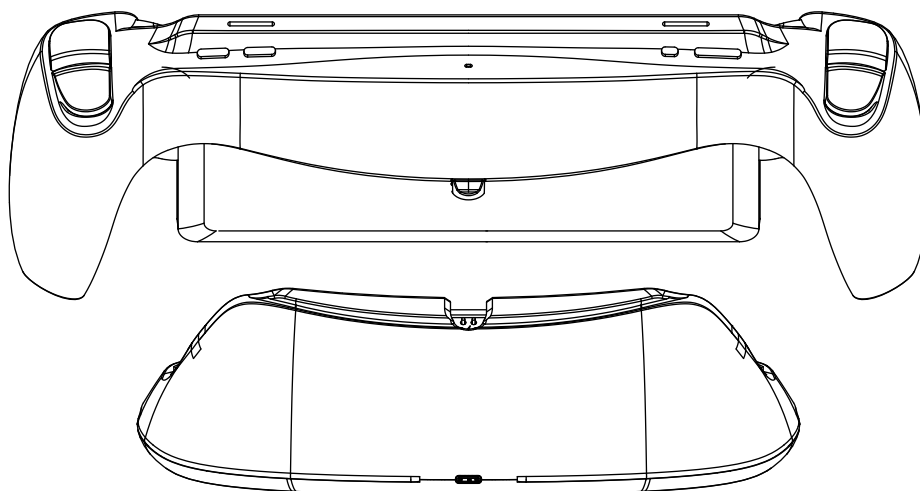

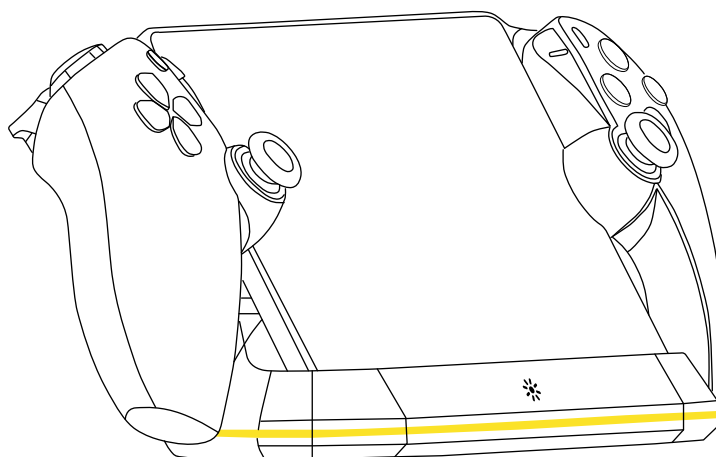

Assembly Guide

PS5 PlayStation Portal
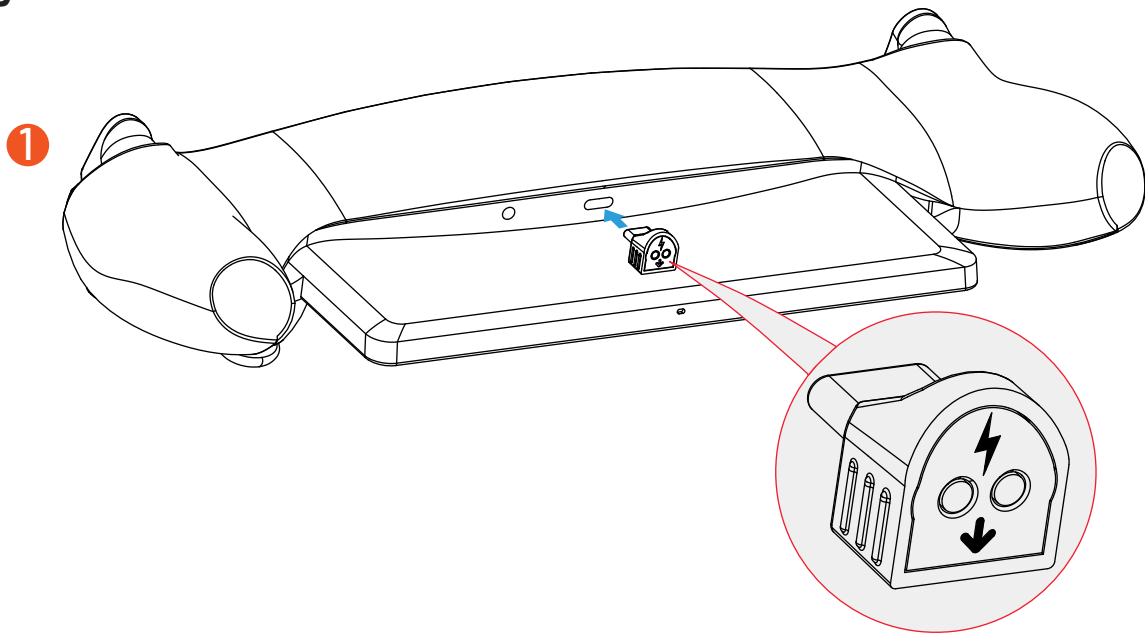

Notice

1. Ensure that the flat side of the Type-C male connector is aligned to face the console.

2. The Type-C male connector must be fully and properly inserted.
