Schematic View

1. Control Indicator
2. Flexible Cord
3. Transparent Water Container
4. Ceramic Soleplate
5. Adjustable Temperature
6. Spray Nozzle
7. Filler Opening for the Water Tank
8. Steam Volume Regulator
9. Spray and Steam Button

Filling the Water Tank

1. Before filling water, ensure to unplug the iron first.
2. Adjust the steam control to the minimum setting.
3. Open the water tank cover and then proceed to fill with water.

Spraying

Press the spraying button to release steam from the spraying nozzle. Ensure there is sufficient water in the tank during operation.

Steam Ironing

1. For steam ironing, set the steam control to the minimum position and adjust the temperature control to the appropriate setting indicated by ".", "..", or "...".
2. Once the temperature indicator turns off, adjust the steam control to the desired level for ironing to commence.

Bursting Steam

Set the temperature control to the "..." position, then press the bursting steam button to release a powerful burst of steam from the base plate.

Dry Ironing

Set the steam control to the minimum position and adjust the temperature control to the desired setting for dry ironing.

Self-Cleaning Function

Set the temperature control to the maximum position, press the self-clean button for about one minute, and strong steam will be sprayed to clean the steam chamber. Use this function every two weeks for optimal performance.

Anti-Drip Feature

This iron is equipped with a drip-stop function, which automatically stops steaming when the temperature is too low, preventing water from dripping from the soleplate.

Anti-Calc Collector

The Anti-Calc function filters minerals from the water to prevent mineral residue buildup in the steam chamber.

Storage Guide

After use, unplug the iron, empty the remaining water, set the steam control to minimum, and turn the temperature control to "min". Allow the iron to cool down completely before storing it in a safe, dry place in an upright position.

Attention

1. Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.
2. Only use distilled or boiled water. Do not fill the tank with any liquids other than water.
3. Do not leave the iron unattended while it is connected to the power supply.
4. The plug of the supply cord must be removed from the socket-outlet before filling the water tank.

* Instructions include the operating times and speed settings.

* The instructions provide details on how to clean surfaces.

Warning

1. Ensure that the applied voltage matches the rated voltage, and that the socket has an effective earth connection.
2. If the supply cord is damaged, it must be replaced by the qualified personnel to avoid any hazards.
3. This iron is intended for household use only.
4. Do not immerse the iron in any liquid for cleaning purposes.
5. Avoid touching the hot metal parts, hot water, or steam to prevent scalding.

6. The appliance should NOT be used by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance.
7. Children should be supervised to ensure that they do not play with the appliance.
8. Switch off the appliance and disconnect it from the power supply before changing accessories or contacting the parts of the device.
9. This appliance is intended for use in household and similar applications such as staff areas in shops, and other similar environments, farmhouses, by clients in hotels, motels, and other residential type environments, and bed and breakfast type environments.

Specifications

Model No	BX177
Material	ABS + PBT
Rated Power	2200W
Voltage	220-240V, 50-60Hz
Functions	Dry / Spray / Steam
Tank Capacity	Ceramic Coating
Steam Output	470 mL
Sole Plate Size	5g±30g
Cord Length	12.1×23.5 cm
Product Size	1.7 m (UK plug)
Product Weight	16.0×12.5×29.5 cm
Sole Plate	1100g

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at [**https://www.greenlion.net/warranty**](https://www.greenlion.net/warranty) and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
