Feature

- 7.4V/5000mAh battery capacity
- 30W fast charging (for the power bank)
- 45W USB-C port output
- Supports simultaneous output of multiple ports
- Over charge, over discharge, over voltage, load shot circuiting and EMI etc
- PU adhesive film machine shell

Quick Overview

Specification

Model No.	GL-PX45
Material	ABS + PC + PU Leather
Battery	10000mAh
USB-C Input	5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A (PD30W)
USB-C Output	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/2.5A (PD45W)
USB-A Output	5V/3A, 9V/2A, 12V/1.5A (QC18W)
USB-C + USB-A	5V/3A (18W Max)
Product Weight	194g
Product Dimensions	27*68*85mm

Electric Quantity Indication Explained

Smart display shows the battery status as follows

- Small Power Mode: Green circle indicator (charging).
- Charging Power (In): Indicates the device is charging.
- Discharging Power (Out): Indicates the device is discharging.
- Upper Part of the Device: Indicates the charging state.
- Lower Part of the Device: Indicates the discharging state.
- Simultaneous Charging and Discharging: The device can charge and discharge simultaneously, but each port operates independently.

Usage Instructions

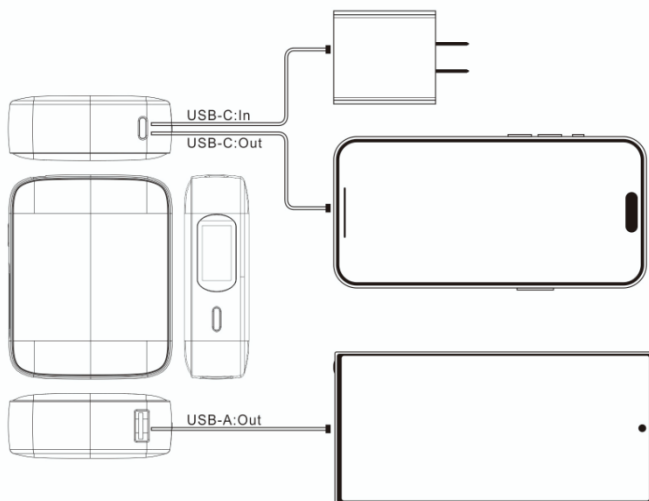

1. After pressing the power button, the TFT display shows the remaining battery. After a delay with no load, it will turn off and enter the shutdown mode;
2. Use the Power Bank to charge smart phone or digital products. (DC

5V/9V/12V/20V)

3. Select a USB charging cable and connect the USB-C connector to the input port of the power bank. The TFT display will show the remaining battery level, with the 'In' indicator and the upward arrow symbol illuminated, indicating the power bank is charging. Once fully charged, the TFT display will show the battery as full.

4. Use the power bank to charge smartphones or digital electronic products.

5. Select a USB charging cable and connect it to your phone or other digital devices to begin automatic charging. During the charging process, the TFT display will show the remaining battery level. The 'OUT' indicator and the downward arrow symbol will light up, indicating that the power bank is in discharging mode. Press the button to switch the TFT display interface, showing the corresponding power output for different charging ports.

Warning

1. Before using the product, please charge it fully.
2. Do not place or use the product in high-temperature or humid environments. Avoid exposure to direct sunlight.
3. It is prohibited to throw the product into fire or water to prevent fire and explosion hazards.
4. Keep the product out of reach of children.
5. Do not disassemble the device, as there are no removable or maintainable parts in the product.
6. Do not shake, hit, or impact the product vigorously.
7. If the product shows signs of liquid exposure, swelling, or other abnormalities, discontinue use immediately and contact customer service.
8. In case of liquid leakage that splashes into the eyes, do not rub your eyes. Rinse with clean water immediately and seek medical treatment.
9. It is normal for the product to heat up during use. Ensure proper handling during or after use.
10. Do not cover or block the product with paper or other objects, as this may obstruct heat dissipation and cause overheating.
11. Do not leave the product unattended in a car or other places.
12. Before use, ensure the product's voltage requirements are met to avoid damage from incorrect voltage or wattage.
13. If the mobile power supply is not used for an extended period, charge or discharge it every three months to maintain its service life.
14. After the product has fully discharged, charge it completely to ensure it is ready to supply power to digital devices at any time.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.greenlion.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
