Thank you for purchasing the product. Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Instructions for Use

1. Tear off the protective film.
2. Stick it on the back of your phone or phone case.
3. Finally, attach the fill light.

Button Guide

On/Off	Press and hold for three seconds to turn on the light.
M	Long press for two seconds to adjust the brightness or color temperature.
	Single-click to switch between tricolor modes.
K-	Decreased brightness or color temperature can be adjusted by pressing the button.
K+	Increased brightness or color temperature can be adjusted by pressing the button.

Warnings

- 1.** The Magnetic Selfie Fill Light is not waterproof. Please keep it away from liquids or moisture to prevent the risk of electric shock, which can be extremely dangerous and even fatal.
- 2.** The fill light contains a built-in battery. Do not throw it into fire or water, and keep it away from open flames or heat sources. Excessive temperatures can cause the battery to overheat, leading to hazards such as combustion, explosions, or fire risks.
- 3.** Do not disassemble or modify the product. If the product malfunctions, please contact a service provider. Any damages resulting from unauthorized disassembly or modification will not be covered under the warranty.
- 4.** Be aware that this product generates heat during use. Therefore, avoid using it near flammable or explosive materials to ensure safety.
- 5.** When the light is turned on, we recommend avoiding direct eye contact with the light source to prevent potential harm to your vision.
- 6.** For safety and to prevent damage, refrain from lifting the camera by the video light, as it cannot bear the weight of the camera.
- 7.** Keep the product out of the reach of children, ensuring their safety and the preservation of the equipment.

Package Contents

- 1.** Fill Light
- 2.** Type-C Cable
- 3.** Magnetic Ring

Specifications

Lumens	280LM
Rated Power	4W
Battery Capacity	1200mAh
