K Usage Instructions

A. Pairing Instructions

1. The earbuds will automatically turn on once removed from the charging case, or you can turn the earbuds on by long-pressing the touch panels on both earbuds until you hear the voice prompt, "Power on."

2. The RED and WHITE LEDs on both earbuds will start blinking. The earbuds will automatically pair with each other within 5 seconds.

3. Once paired with each other, one of the earbuds will display an alternating RED and WHITE LED, indicating that it is ready to pair with your smartphone.

4. Enable Bluetooth on your smartphone and search for nearby devices. Select the device named "PD-STWLEP032" and you will hear the voice prompt "Connected" once pairing is successful. If prompted for a password, enter "0000."

5. The earbuds will automatically reconnect to your smartphone after pairing.

Note: The left (L) or right (R) earbud can be used independently to pair with your smartphone. However, only mono sound will be available in this mode.

B. Music Playback

1. Tap the left (L) or right (R) touch button once to play or pause the track.
2. Tap the L or R touch button twice to skip to the next track.
3. Tap the L or R touch button three times to return to the previous track.
4. Tap the L or R touch button four times to cycle through Transparency, ANC On, and ANC Off modes.
5. Press and hold the L or R touch button for 3 seconds to activate Siri or Google Assistant.

C. Call Management

1. Tap the L or R touch button once to answer or end an incoming call.
2. Press and hold the L or R touch button for 2 seconds to reject an incoming call.

Note: With four microphones for enhanced call quality, the earbuds minimize wind and noise interference, ensuring your voice is clear and distinct.

Charging

1. Place the earbuds back into the charging case. The earbuds will automatically power off and begin charging.
2. When the case is charging, the indicator light will blink. Once the case is fully charged, the indicator light will remain solid.
