Overview

Thank you for choosing our product. This smart wireless microphone delivers professional-grade recording output and requires no app for operation—simply plug and play. It is versatile for various applications including online live broadcasts, video vlog production, program interviews, and video teaching, among other settings. This product consists of three main components: a charging box, a microphone transmitter, and a receiver.
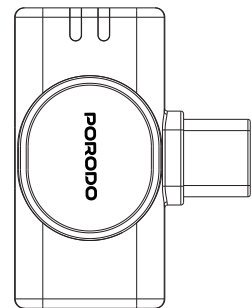

Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Instructions for Use

Step 1: Press and hold the microphone's function key until the connection indicator light flashes, indicating the power is on.

Step 2: Attach one end of the receiver to your phone's interface.

Step 3: Check that the indicator light for the connection between the receiver and transmitter remains lit, confirming a successful connection.

Step 4: Launch your phone's live streaming app and use the microphone to enhance your audio experience.

Function Key

PORODO

Indicator illuminates with solid light.
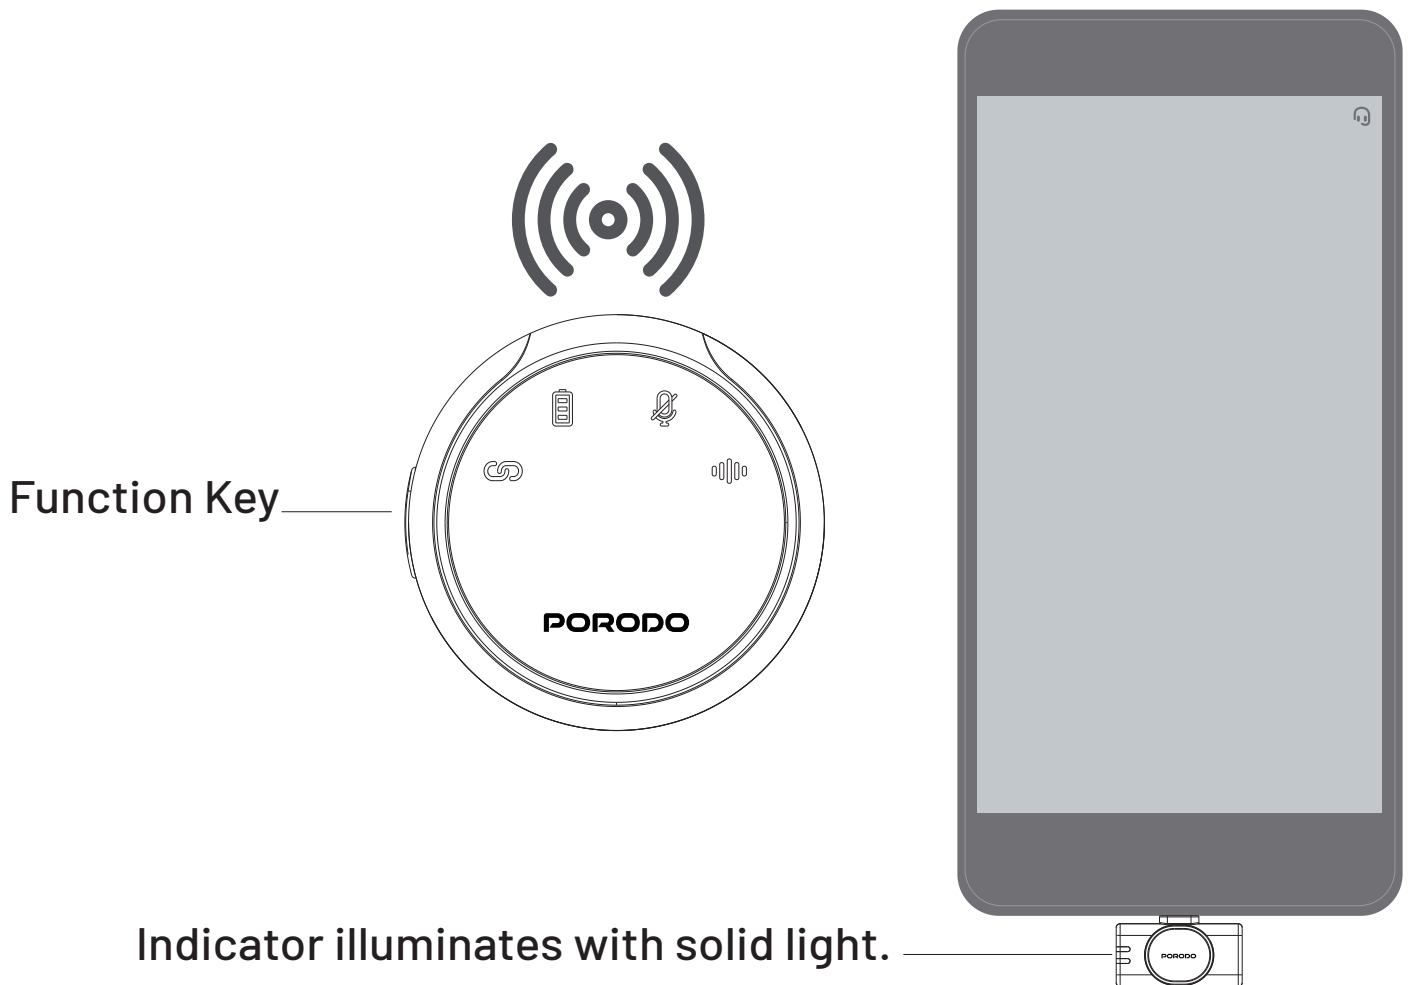

Note: Mobile phones from brands such as Oppo, Vivo, iQOO, and Realme can be used normally only if you enable OTG (On-The-Go) power supply. To do this, go to your phone's settings and search for "OTG" to turn on the OTG power supply feature.

Function Guide

Microphone Transmitter

Function	Button	LED
Power on	Press and hold the function keys for 2 seconds.	The blue light flashes slowly when connected and remains on after successful pairing.
Power off	Press and hold the function keys for 2 seconds.	All lights are off.
Noise reduction	Short-press the function keys once.	On: The noise reduction light stays on, indicating the default noise cancellation is active. Off: The noise reduction light is off when startup noise cancellation is deactivated.
Silent mode	Double-press the function keys twice.	On: The mute light stays on. Off: The mute light is off.
Reverberation	Press the function keys three times.	On: The noise reduction indicator light flashes. Off: 1. The light goes off, indicating noise reduction is disabled. 2. The light remains on when noise reduction is enabled.
Charging		The red light remains on during charging. The light goes off once the battery is fully charged.

Receiver

Specifications

[A] Charging Case	
Battery Capacity	600mAh
Charging Time	2 Times (Up to 16H)
Recharge Time	2H
Weight	50g
[B] Microphones	
Latency	≤20ms
Frequency	2.4GHz Digital Frequency
Frequency Response Range	20Hz-20kHz
Sensitivity	-38dB±3dB
SNR	75dB
Working Time	8H
Recharge Time	1.5H
Weight	10g
Receiver	
Latency	≤20ms
Frequency Range	2.4GHz
Frequency Response	20Hz-20kHz
Weight	4g

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
