Statement

Power On: In the off state, press and hold the touch area on both sides for 2 seconds to power on. The red and blue LEDs will flash alternately, and you will hear the voice prompt "Power on."

Power Off: In the powered-on state, press and hold the touch area on either side for 4 seconds. The red LED will flash 3 times, then turn off (both left and right sides will turn off simultaneously), and you will hear the voice prompt "Power off."

Package Contents

1. After powering on, the device will automatically enter pairing mode (voice prompt "pairing"). The left and right sides will be paired automatically. After pairing is successful, the red and blue LEDs on the main glasses temple will flash alternately, and the blue light on the secondary glasses temple will flash slowly.
2. Turn on the Bluetooth of the device you want to connect, search for the Bluetooth "PDLFSTG09" for pairing. After the connection is successful (voice prompt "connected"), the blue light on the main glasses temple will flash slowly, and the blue light on the secondary glasses temple will turn off.
3. In the powered-on state, the glasses will automatically enter pairing mode after Bluetooth is disconnected. If no Bluetooth pairing occurs within 5 minutes or the pairing is unsuccessful, the glasses will automatically shut down.
4. Multiple Connections: If you have connected multiple devices and have not canceled Bluetooth pairing, the most recently connected device will be selected first. Other devices can be connected after disconnection, but only one device can be allowed to pair and connect at a time.
5. Default Volume: For the first Bluetooth connection, the default volume of the glasses is set to %80. Users can adjust the volume as needed.

Audio Mode

Play/Pause: Tap the touch area on either side once.

Voice Assistant / Siri: Long press either touch area for 2 seconds.

Standby Mode: The music will automatically enter standby mode after pausing for 1 minute. To activate it again, simply touch the touch area.

Call Mode

Answer the Call: Tap the right touch area once.

Reject the Call: Tap the left touch area once.

Hang Up the Call: Tap the touch area on either side once.

Answering Another Call: When a call comes in, tap the touch area on either side to answer the new call and hang up the current call.

Charging Mode

Charging Time: Approximately 1.5 hours. The red light is on when charging, and the blue light turns on when charging is complete.

Low Battery Alarm: When the battery is low, a voice prompt will alert you. The low battery alarm repeats every 60 seconds, and the red light will flash twice.

Powering On During Charging: The glasses cannot be powered on while charging.

AI Mode

Setup: Scan the QR code in the instruction manual with your phone to download and install the app. When using the app, make sure to connect the device to the glasses via Bluetooth.
