## Schematic View

1. Microphone
2. Charging Indicator Light
3. Multi-function Button
4. Magnetic Charging Contact Area
5. Speaker

## Schematic View

### **a.** Charging Indicator Light:

Red LED On: Indicates the sunglasses are charging.

Red LED Off: Indicates the sunglasses are fully charged.

## **b. Multi-Function Button (MFB):**

**Power On:** Press and hold the MFB button on both the left and right temple arms for 3 seconds.

**Power Off:** Press and hold the MFB button on either temple arm for 6 seconds to power off.

**Voice Assistant:** In standby mode or when music is paused, double-click the MFB button on any temple arm to activate the voice assistant. Press the MFB button again to turn it off.

**Answer/Hang Up Calls:** Press the MFB button on any temple arm to answer or hang up phone calls.

**Reject Calls:** When receiving an incoming call, press and hold the MFB button on either temple arm for 2 seconds to reject the call.

**Play/Pause:** Press the MFB button on either temple arm to play or pause the music.

**Next Track:** Press the MFB button on the right temple arm twice briefly to skip to the next track.

**Previous Track:** Press the MFB button on the left temple arm twice briefly to go back to the previous track.

**Increase Volume:** Press the MFB button on the right temple arm three times to increase the volume.

**Decrease Volume:** Press the MFB button on the left temple arm three times to decrease the volume.

**Take a Picture:** Press and hold the MFB button on either temple arm for 1 second to take a picture.

## **Charging Your Sunglasses**

Your Sunglasses with TWS Earphones have a built-in rechargeable battery, allowing for portable use. Before using them for the first time, please fully charge the battery.

**1.** To charge, connect the supplied 2-in-1 magnetic charging cable to your Sunglasses with TWS Earphones.

2. Connect the other end of the 2-in-1 magnetic charging cable to a USB port on your computer or a USB wall charger (wall charger not included).
  3. The red indicator light indicates that your Sunglasses with TWS Earphones are charging. When fully charged, the indicator light will turn off.
  4. When the battery is running low, a low battery warning alert will sound.
- Note:** When you hear this alert, please recharge the battery. If not recharged, the indicator light will flash once every minute, and after three flashes, the Sunglasses with TWS Earphones will turn off automatically.

## Pairing with a Bluetooth Device

1. Press and hold the MFB button on both the left and right temple arms for 3 seconds to power on the OPTIX smart glasses. The indicator lights on both sides will flash red and blue, and you will hear a prompt tone.
  2. After powering on, the left and right temple arms will automatically pair. One side's indicator will flash blue every 5 seconds, while the other side's indicator will alternate between red and blue, with a prompt tone. The OPTIX smart glasses will automatically enter Bluetooth mode.
  3. Enable Bluetooth on your smartphone or tablet and search for available Bluetooth devices. Select "PAW119\_OPTIX" from the list of devices.
  4. Once successfully paired, you will hear a prompt tone, and the indicator lights on both sides will flash blue every 5 seconds.
  5. After pairing, the OPTIX smart glasses will remember the device and automatically pair with it when the device's Bluetooth is activated and within range.
- There is no need to re-pair with previously connected devices. The Sunglasses with TWS Earphones will attempt to automatically reconnect to the last paired device if Bluetooth mode is on. If you want to pair with a new device, turn off Bluetooth on the last connected device, then search and select the new device from your list.
6. If the OPTIX smart glasses are not connected to a Bluetooth device, they will automatically shut down after 5 minutes.

## **Playing Your Music**

1. When your smartphone or tablet is paired with the OPTIX smart glasses, use your music app to play music.
2. To play or pause your music, press the MFB button on any temple arm.

## **Phone Calls**

1. Press the MFB button on any temple arm to answer or hang up phone calls.
2. Press and hold the MFB button on any temple arm for 2 seconds to reject an incoming call.

## **Remote Control Photography**

1. Open the camera app on your device.
2. Press and hold the MFB button on any temple arm for 1 second to take a picture.

## **Specifications**
