Porodo Soundtec
YOTOWAVE Kids Wireless Headphone

SKU: PDSTC303

Table of Contents

Charging Guide

1. On the right earcup, carefully insert the Type-C cable into the Type-C charging port. Connect the other end of the cable to either a computer USB port or a USB-compatible car or wall charger.

2. A solid red LED light will appear to indicate that the headphones are charging.

3. Once charging is complete, the LED light will turn blue.

4. Charging time is approximately 2 hours.

Turn It On and Off

1. Press and hold the power button on the right side of the headphone for approximately 3 seconds until the LED indicator light turns on.

2. To turn the headphone off, press and hold the power button again for 4 seconds until the LED light turns off.

Pairing and Connection Guide

1. Power on the wireless Bluetooth headphones (refer to the "Turn It On" section).

2. To pair the headphones with a new device, the red and blue LED lights will blink, indicating that the headphones are ready to be paired.

3. On your Bluetooth-enabled smartphone, tablet, or media player, navigate to the Bluetooth settings menu, enable Bluetooth, and search for available devices. After a few seconds, "PD_STC303" should appear in the list of available devices.

4. Select "PD_STC303" to establish the connection. A solid blue LED light will confirm that the device has successfully paired.

5. When Bluetooth is enabled on your previously paired device and it is within range, the headphones will automatically reconnect to the last device they were connected to.

Note: If the headphones are not used for a period of 5 minutes, they will automatically power off to conserve battery.

Function Guide

1. Connect your device to the headphones via Bluetooth.

2. Open your preferred music app and press play.

3. Control music, track selection, and volume directly from your device, or adjust the music and volume using the headphone controls. Press the power button once to play or pause music and to answer calls.

4. Press the power button twice to redial the last number called on your phone, and press and hold to reject an incoming call.

Note: All audio, including music, games, videos, and notifications, will be played through the headphones.
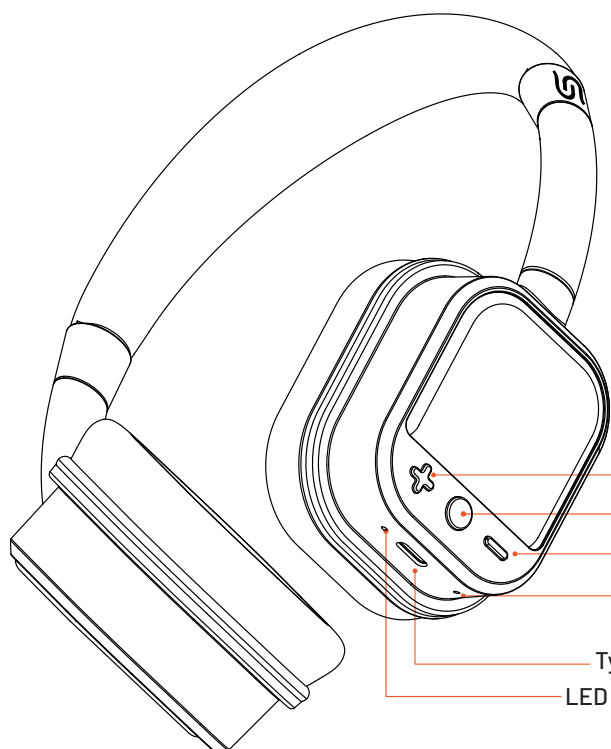

Button Function

1. Press the + area (refer to product diagram) to skip to the next track.

2. Press the - area (refer to product diagram) to go back to the previous track.

3. Press and hold the + area (refer to product diagram) to increase the volume.

4. Press and hold the - area (refer to product diagram) to decrease the volume.

Note: Proper press gestures and touching the correct areas will ensure a smooth and seamless experience.

Troubleshooting

1. If there is no power: Recharge your wireless Bluetooth headphones using the provided Type-C cable.

2. If music is not playing over Bluetooth: Ensure your Bluetooth device supports the A2DP profile. Confirm that both devices are paired and connected over Bluetooth. Restart the headphones to reconnect your Bluetooth device.

3. If the Bluetooth device will not reconnect with the headphones:

3.1 Navigate to the Bluetooth settings menu on your Bluetooth device, select "PD_STC303," and choose "Forget." Follow the steps to pair your device again.

3.2 Alternatively, press and hold the power button on the headphones (while powered on) to disconnect the headphones from any previously connected devices. Afterward, follow the steps to reconnect your device.
