Product Overview

Power Supply Connection

Connect the USB end of the charging cable to the power adapter, then plug the Type-C port into the product. Press the indicator twice to turn it off and enter standby mode.

Charging Indicator

1. When charging, the blue light will stay on.
2. When FOD (foreign object detection) is active, the light will flash.

Output Power

1. The magnetic phone wireless charging output is maximum 15W.
2. The USB-C output provides maximum 5W.

Button Function

This device has five buttons: the Bluetooth button, the pause/play button, the up button, the down button, and the makeup lamp button.

1. **Bluetooth Mode Activation:** To enable Bluetooth mode, press the Bluetooth button. The device will display the Bluetooth name "GL-MR15" for the first pairing. A prompt tone will play once the pairing is successful.
2. **Pause/Play Function:** Press the pause/play button to toggle between playing and pausing the audio.
3. **Volume Control with the Up Button:** Press the up button to play the next song. Hold the up button to reduce the volume.
4. **Volume Control with the Down Button:** Press the down button to play the previous song. Hold the down button to increase the volume.

Brightness Setting

1. Press the Makeup Lamp button to turn on the light and adjust the brightness across four levels: Max, Mid, Min, and Off.
2. To turn off the lights, long press the Makeup Lamp button.

Precautions

Special Attention: If Bluetooth, the wireless charger, and the makeup lamp need to work simultaneously, please ensure that you use a PD30W or higher power adapter. When the device is supplied with 5V voltage the wireless charger will only support a 5W load, and the makeup lamp will operate.

1. Do not squeeze or impact the device.
2. Do not disassemble the device or expose it to fire or water, as this may cause short-circuit leakage.
3. Do not use the wireless charger in extremely high temperatures, humidity, or corrosive environments to prevent damage to the circuits.

4. Do not place the device too close to magnetic cards (ID cards, bank cards, etc.) with magnetic strips or chips, as this may cause the cards to fail.
5. Keep a minimum distance of 20cm between the device and any implanted medical devices (such as pacemakers or cochlear implants) to avoid any interference.
6. Keep children away from the product to avoid them using the wireless charger as a toy, which could result in accidents.
7. Keep the wireless charger and receiver device away from water and other liquids.
8. Before cleaning the charger, ensure that the power supply is disconnected.
9. Recommended temperature for use is 0 to 45°C.
10. Recommended humidity for use is 20 to 85% (at a maximum temperature of 40°C).

Specifications

Model No.	GL-MR15
Material	ABS+Glass
Rated Power	30W
Rated Voltage	12V
LED Beads	26 pcs
Brightness	63 ,126 ,230lm
Bluetooth	V5.1
Color Temperature	5000 to 6500K
Type-C Input	5V/4A, 9V/4A, 12V/3A
Wireless Output	15W/10W/7.5W/5W
Type-C Output	5W Max
Speaker	5W
Product Weight	665 g
Product Dimensions	366×190×119 mm

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.greenlion.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
