Overview

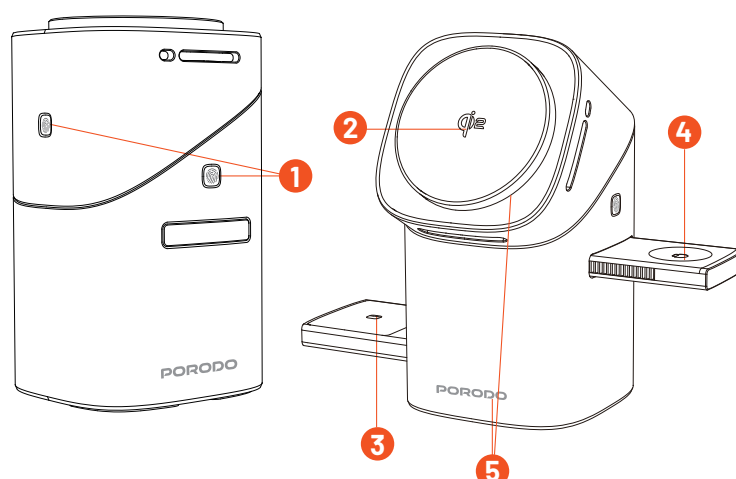

This is a multifunctional auto rotate and slide Qi2 MagSafe charger that can wirelessly charge mobile phones, headphones, and watches simultaneously through a power supply. Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

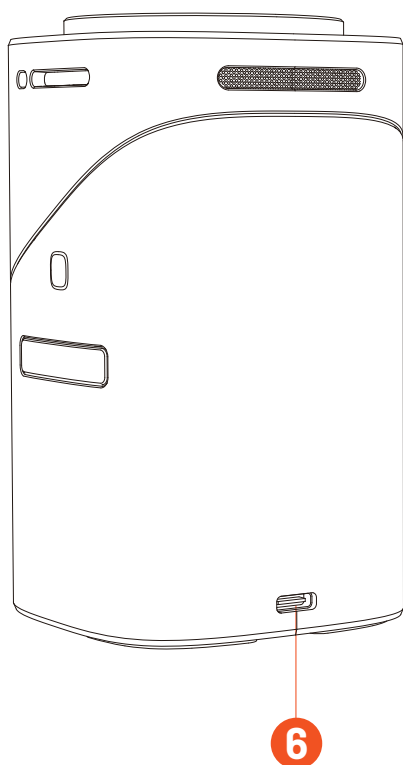

Usage Guide

1. Connect the product to a QC or PD power adapter using the Type-C quick charging cable to ensure it supports fast wireless charging.
2. The built-in stepper motor and fan, along with the touch button, support the wireless charger's automatic rotation function, making it compatible with different sizes of Qi-enabled smartphones.
3. Tap to raise the smart watch charging stand, then place the Apple Watch to begin wireless charging with a 2.5W output.
4. Tap to raise the earphone charging stand, then place the earphone case to begin wireless charging with a 2.5W output.
5. The touch-sensitive design allows the automatic rotation of your smartphone to different viewing angles.

Note: Please refrain from rotating it by hand to avoid damaging the product. If needed, reconnect the power supply and use the touch button to adjust it to the correct position.

Specifications

Input	DC 9V/3A, 12V/2.5A
Charging Interface	Type-C
Product Dimension	70.3×70.3×122mm
Phone Output	15W
Earbuds Output	2.5W
Watch Output	2.5W
Material	ABS+Tempered Glass
Charging Distancet	≤10mm

Note: Plug into 30W or higher power adapter.

Indicators and Protection

Standby mode: The ice blue LED lights on the top panel and bottom remain on.

Charging mode: The ice blue LED light on the top panel flashes.

Bottom button: Press to turn the LED light on/off on both the top panel and the bottom at the same time.

FOD function: When metal or magnet objects are placed on the charger, the ice blue LED light will flash 6 times and stop charging.

Protection features: The product includes over-voltage, over-current, over-temperature, and short-circuit protection.

Attention

1. Do not apply excessive pressure or force to the product.
2. Do not dismantle or expose the product to fire or water while it is powered on, as this may cause short circuits or leakage.
3. Avoid using the product in environments with extreme temperatures, high

humidity, or corrosive conditions to prevent damage to the internal circuitry.

4. Do not place magnetic strips or chip cards (e.g., ID cards, bank cards, etc.) on the charging pad, as this may result in the loss of magnetic data.

5. Do not place metal objects (such as coins) on the charging pad during charging to prevent damage from heat buildup.

6. Do not expose to water or other liquids.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
