## K Precautions and Warnings

Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

1. Avoid storing batteries in direct sunlight or in hot environments.
2. When not in use for extended periods, store the batteries in a cool, dry place. Charge and discharge them every two months to maintain battery health.
3. The operating temperature range for this product is 0 to 35°C. Avoid storing the battery in direct sunlight or in a hot car, as this may cause the battery to overheat, which can affect its performance and shorten its lifespan.
4. If you notice any abnormalities, such as swelling or malfunctioning equipment, discontinue use immediately.
5. Always follow the instructions provided before use.
6. When the device is powered on, double-click the power switch to turn off the output.
7. If the product's power is too low, it will not output. Please recharge the product before use.
8. Once fully charged, unplug the charging cable from the device. The mobile power supply will automatically turn off after 30 seconds.
