Thank you for purchasing the Spectrum Skin Rejuvenation Mask. Before using the mask, please read this manual carefully. Pay special attention to the safety instructions to ensure proper and safe operation.

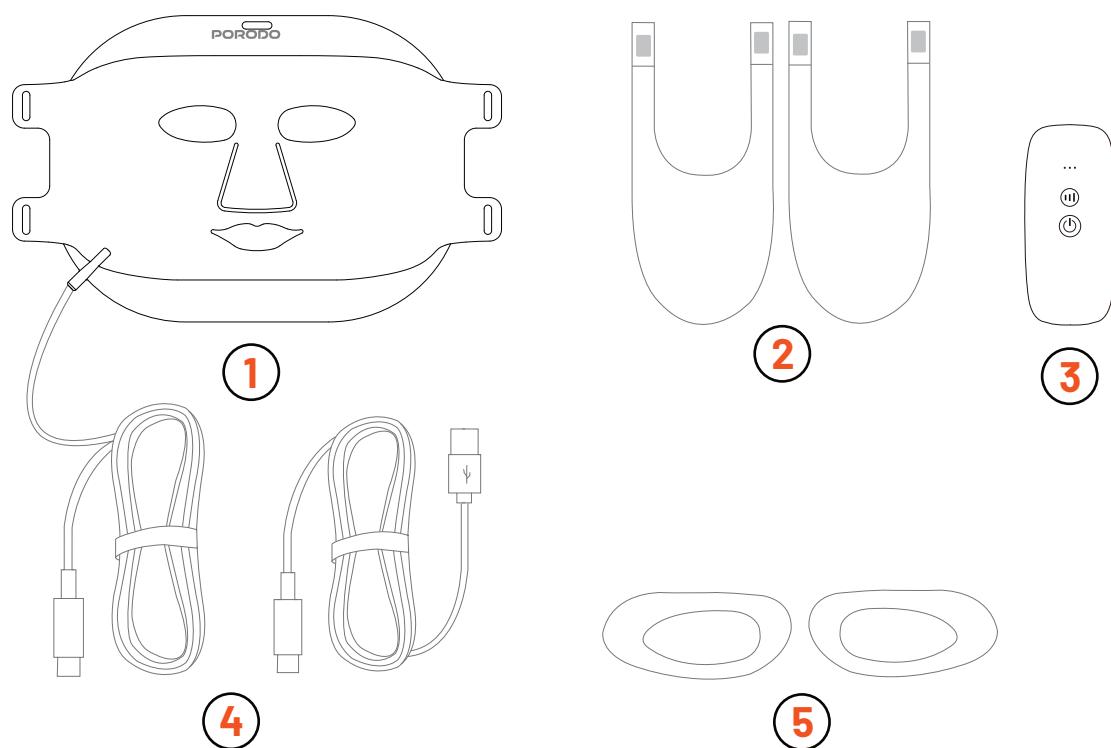

This manual provides users with safe and effective usage guidelines. After reading, please keep it for future reference.

## **Technology Introduction**

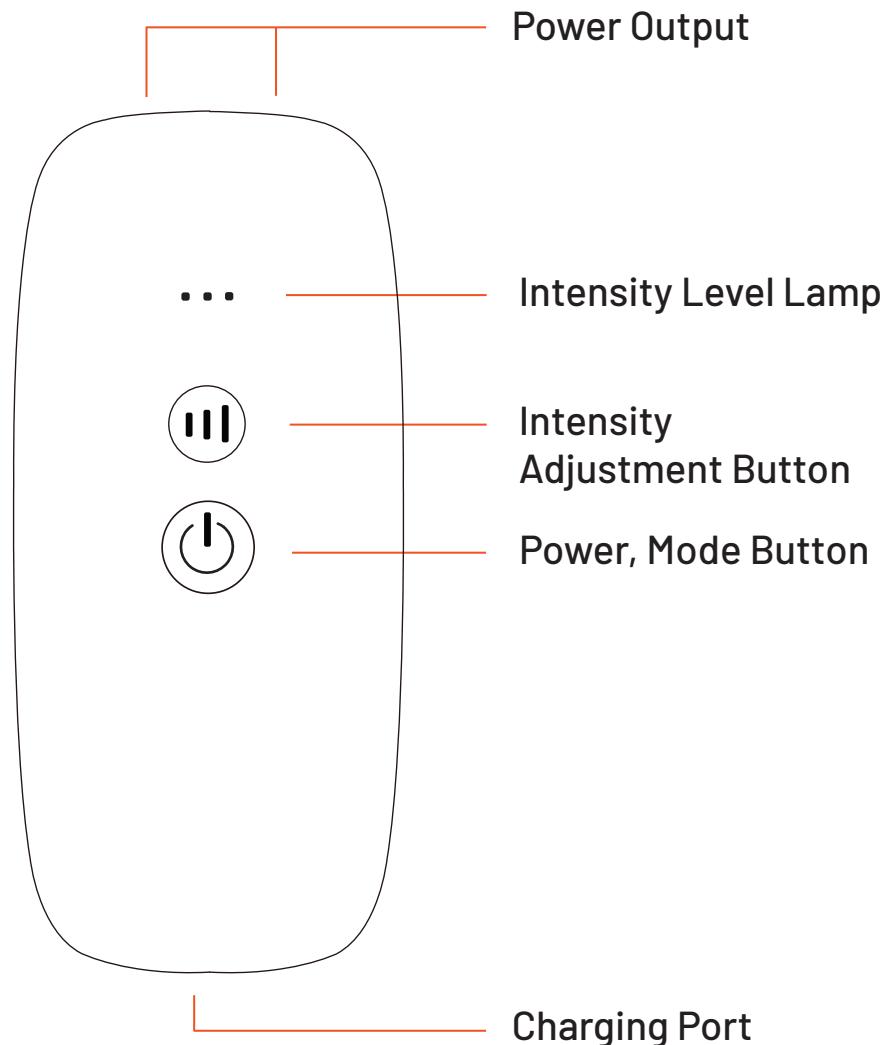

This product utilizes advanced light guide material technology and nanotechnology to generate various wavelengths of LED color light, including NIR, red, blue, orange, violet, cyan, green, and white light.

## **Package Contents**

- 1. Face Mask**
- 2. Straps**
- 3. Controller**
- 4. USB Cable**
- 5. Eye Protector**

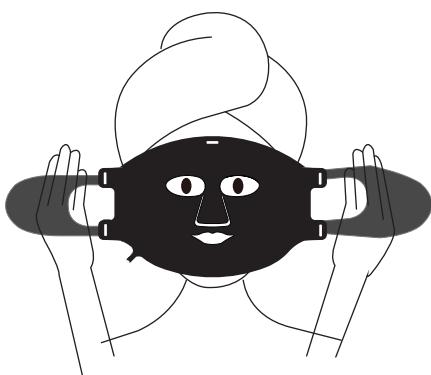

# Controller Schematic

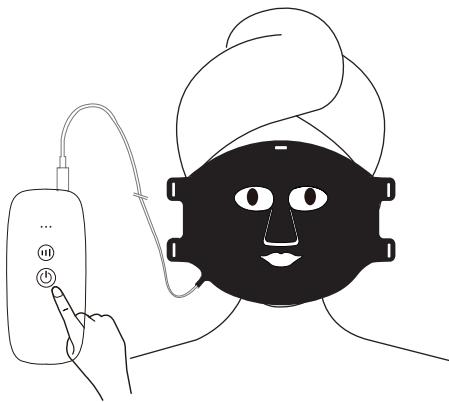

## Instructions for Use

Step 1: Begin by removing any makeup and thoroughly cleansing your face.

Step 2: Apply a mask or serum as needed. Then, secure the device onto your head using the Velcro straps for a comfortable fit.

Step 3: Press and hold the power button for 3 seconds to turn on the device. It will automatically run for 21 minutes.

Step 4: Once the session is complete, remove the mask and apply a moisturizer to your skin.

## Indicator Light Guide

on / off	<b>Press and hold for 3 seconds to turn the device on and off.</b>
Automatic mode	By default, the device starts in automatic mode. The program will automatically cycle through the following lights: NIR + red light for 3 minutes, blue light for 3 minutes, orange light for 3 minutes, violet light for 3 minutes, cyan light for 3 minutes, green light for 3 minutes, and white light for 3 minutes. The device will then automatically shut down.
Manual mode	In the working state, briefly press the function key to switch between different light modes. The selected light will run for 10 minutes and then automatically turn off.
intensity level	In the working state, briefly press the intensity key to adjust the intensity level. There are three levels of intensity to choose from.
Charging	When the indicator blinks, the device is in a low power state and needs to be charged. The indicator will light up red while charging, and when fully charged, all red lights will be on.
Operation	It is recommended to use the skin rejuvenation mask 3 to 5 times a week.

## Safety Warning and Prohibitions

1. This product does not have fireproof functionality. Please keep it away from fire or corrosive liquids.
2. Do not disassemble or attempt to repair the product yourself.
3. Keep the product in a place that is out of reach of children.
4. This product is waterproof.
5. Avoid applying excessive pressure to prevent deformation or failure.

## Specifications

Material	Food Grade Silicone, ABS
Battery Capacity	1000mAh
Rated Power	≤9.7W
Working Voltage	3.7V
Charging Voltage	DC 5V/1A
Charging Interface	Type-C
LED Lights Number	62 PCS
LED Lights	7 Wavelengths (Cyan, Purple, Green, Blue, White, Yellow, Red)
Product Size	5×209×328mm
Product Weight	275g
