## Overview

Cold diffusion technology is utilized to convert essential oils into micro-fine vapor or particles as small as 1 to 3 microns, without the need for heat or water. This method ensures that the molecular structure of the oils is preserved, allowing them to retain their therapeutic properties and natural absorptive qualities.

## Operating Instructions

The device offers three mist levels (5s, 15s, 30s) and three timer settings (60s, 180s, 360s), providing a variety of mist configurations for aromatherapy to suit individual user preferences.

## 1. Turning the Device On/Off:

**1.1** To turn on the device, short press the right button (  ).

**1.2** To turn off the device, press and hold the right button (  ) for 3–2 seconds.

**2.** Adjusting the Mist Duration: To select the desired mist duration (5s, 15s, 30s) briefly press the right button (  ).

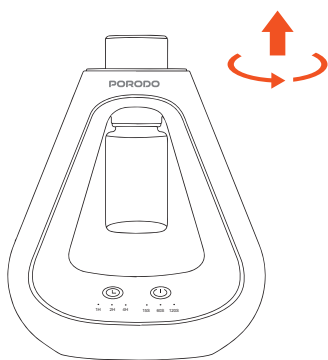

**3.** Adjusting the Pause Interval: To set the pause interval (60s, 180s, 360s), briefly press the left button (  ).

## 4. Battery and Charging Indicators:

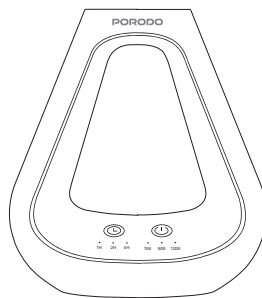

**4.1** The light remains red while charging and turns green when fully charged.

**4.2** When the battery voltage drops below 3V, the device will automatically shut down.

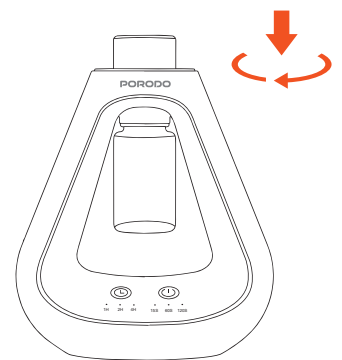

## Installation Method

(Fig.1)

(Fig.1)

(Fig.1)

## Refilling and Using the Device

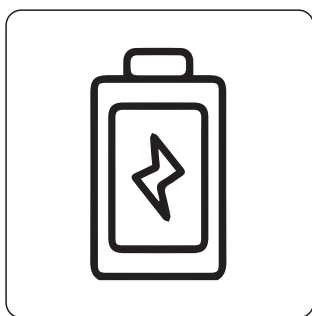

**1.** Unscrew the upper cylinder of the device. (Fig.1)

**2.** Unscrew the oil bottle to refill or replace the essential oil. (Fig.2)

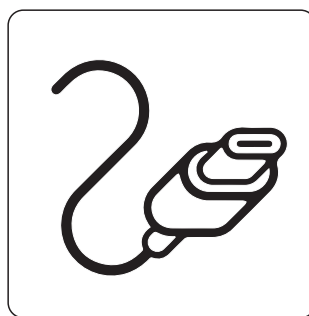

**3.** Securely place the oil bottle back into the device and screw the cylinder back on. (Fig.3)

## Application Areas

This device is suitable for use in various locations, including: Office, Home, Hotel Meeting rooms, Toilets, Aisles, Brand stores, Power Options

Wireless use  
(battery)

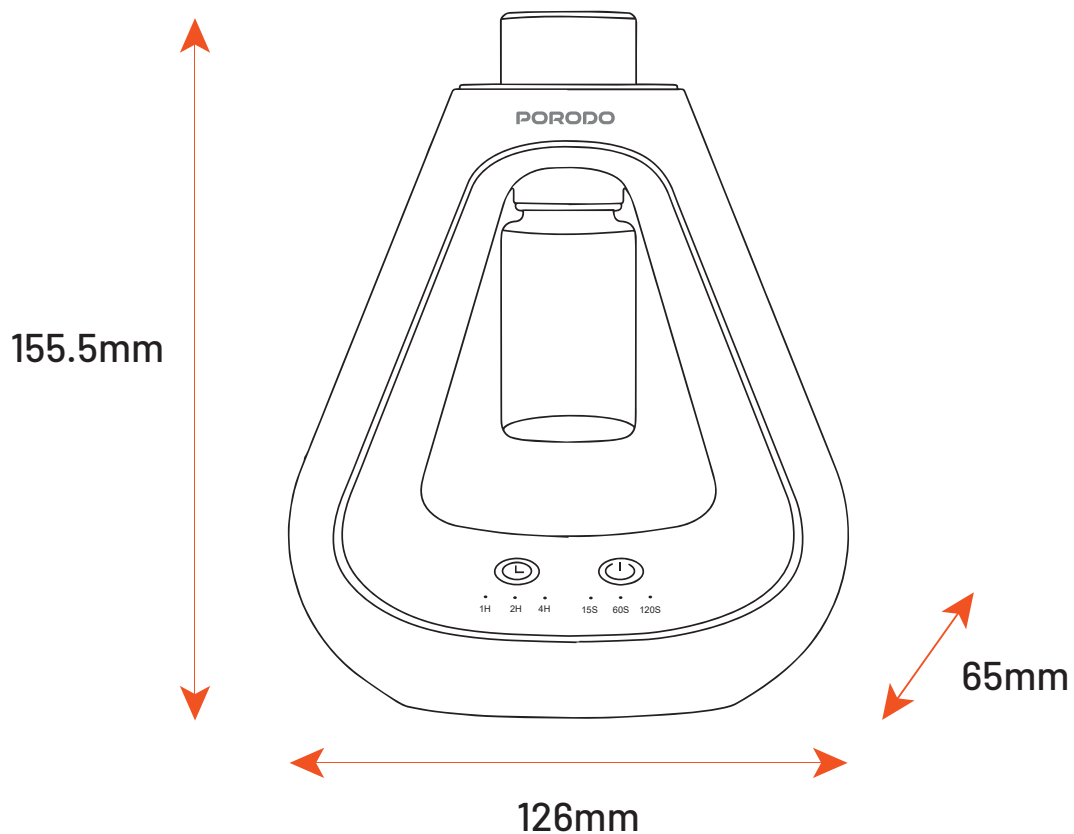

Connect Type-c  
for charging use

### Important Notes

1. When the air pump stops working, the indicator light on the left spray button will flash slowly.
2. When the battery is low, all six indicator lights will flash slowly for one minute.
3. Charging Time: Approximately 3.5 to 4 hours.

### Specifications

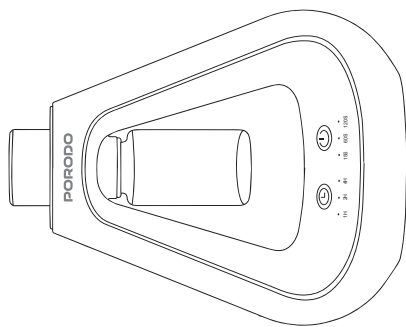

Battery Capacity	1200mAh
Voltage	DC 5V/1A
Power	About 5W
Recharge Time	Up to 4H
Working Time	Up to 7 days
Charging Interface	Type-C
Area Coverage	10 to 50m <sup>2</sup>
Product Weight	292g
Product Dimension	65.6×126×155.5mm

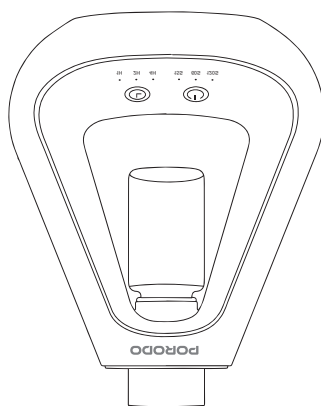

## Troubleshooting

Problem	Solutions
No Mist Output	<p>Check if the device is in a "non-working period" mode. If so, it will not spray.</p> <p>Inspect whether the air pump is damaged. If damaged, replace it with a new one.</p>
Low Spray Output	<p>Ensure the gasket is not damaged or loose. Adjust or replace it if necessary.</p> <p>Check if the atomized core is clogged. Clean it with alcohol or replace it with a new one.</p>
Oil Spillage	<p>Inspect whether the atomized head is damaged. Replace it if necessary.</p>
Oil Overflow	<p>Ensure the oil bottle is securely installed to prevent leaks.</p> <p>Check if the gasket of the atomized head is damaged. If damaged replace it.</p> <p>Keep the device in a vertical position at all times. Tilting or placing it flat may cause oil overflow.</p>

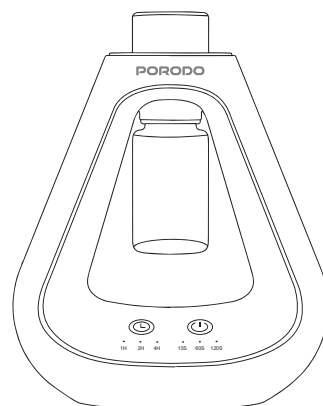

## Safety Precautions

1. ❌

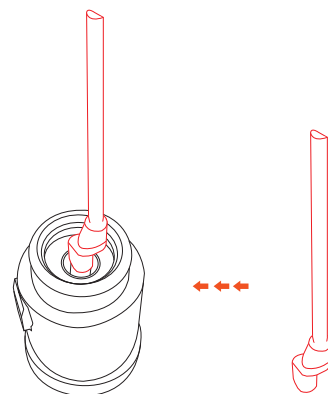

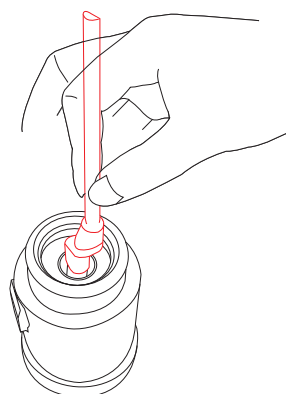

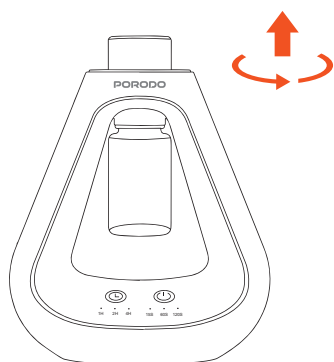

2. ❌

3. ✅

1. Do not tilt, turn, or flip the diffuser while oil is inside.
2. Doing so may cause the oil to flow back into the air pump, which can result in permanent damage to the diffuser.

## Replacing the Spray Head Tube

Unscrew the lower cover and remove the refill bottle.

Pull out the old spray head tube and replace it with a new one.

Securely screw the oil bottle and lower cover back on.

**Note:** Reapply every 30 days or when the spray becomes weak.

1. Remove the old nozzle. Clean it with water, then dry it with a cloth. Reinstall the nozzle securely.
2. If necessary, replace the nozzle with a new one to prevent potential damage to the diffuser.

## Equipment Maintenance

The machine should be cleaned under the following conditions:

1. When switching to a different type of essential oil.
2. When the atomization volume decreases.
3. Unscrew and remove the lower cover, then detach the oil bottle.
4. Fill a larger container with industrial alcohol and soak the bottle for 5 to 10 minutes.
5. Allow the bottle to air dry completely.
6. Do not alter or disassemble the product, as this may cause damage and void the warranty.
7. Avoid using the diffuser in extremely high or low temperatures.
8. Ensure the power switch is turned off when changing oils.
9. Keep children and pets away from the diffuser.
10. Do not place the diffuser on appliances to prevent potential damage.
11. Do not immerse the entire diffuser in water. Instead, clean the bottle and pipe separately.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
