Charging Other Devices

1. Use a suitable cable to connect the power bank to the other device for charging.
Remarks: The charged device should be compatible with a 5V charging voltage.
2. Use the built-in Type C to Type C cable or a Type C to Lightning cable to charge other devices.
3. Before the first use, it is recommended to fully charge the power bank first, then discharge it completely before using it for the first time.

Charge the Power Bank

1. Use a Type C or Micro USB cable to connect the power bank to the adapter or computer or other 5V power sources for charging.
2. The power bank can also be charged using sunlight via the solar panel.
Note: Charging efficiency is better on sunny days.
3. While charging, the LED display will flash blue to indicate the battery capacity, with each blue indicator representing %25 of the charge. Once fully charged, the blue indicator will stop flashing and remain on.
4. The green icon will light up during solar charging.

Flashlight Function

1. Double-click the power button to turn on the LED flashlight.
2. Press it again briefly to cycle through the available modes: Always ON/SOS/flash/OFF.
3. While the flashlight is on, double-click the power button to turn off the LED flashlight immediately.

Lighter

Long press the power button for 10 seconds to power on the cigarette lighter. After 10 seconds, it will automatically power off.

Precautions

- 1.** Carefully read all instructions before using the product.
- 2.** When using this product for the first time, perform a full charge and discharge cycle to extend its service life.
- 3.** Ensure the device you want to charge is compatible with the power bank's specifications.
- 4.** Keep the power bank out of reach of children, infants, and pets.
- 5.** Avoid dropping or subjecting the power bank to impacts.
- 6.** Do not expose the power bank to water or immerse it in water.
- 7.** Warning: If the power bank comes into contact with water, do not use it.
- 8.** Do not puncture or disassemble the power bank. Do not disassemble the product under any circumstances. This may cause overheating, fire, or an explosion.
- 9.** Never throw the power bank into a fire, as it may cause an explosion.
- 10.** If the power bank malfunctions or is swallowed, stop using it and contact a service center immediately.
- 11.** Do not dispose of the power bank as household waste.
- 12.** Avoid leaving the power bank in a car on hot days. Do not expose the battery to direct sunlight, fire, or extreme heat.
- 13.** Do not use the power bank in environments with high temperatures or humidity. Store it in a cool, dry place when not in use.
- 14.** Always monitor the power bank when it is charging other devices or being charged. Never leave it unattended.
- 15.** Disconnect the charger once the battery is fully charged. Do not leave it charging for an extended period.
- 16.** Improper battery replacement may result in an explosion.
- 18.** When using a power adapter for charging, only use a branded certified adapter that complies with standard requirements.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
