Instructions for Use
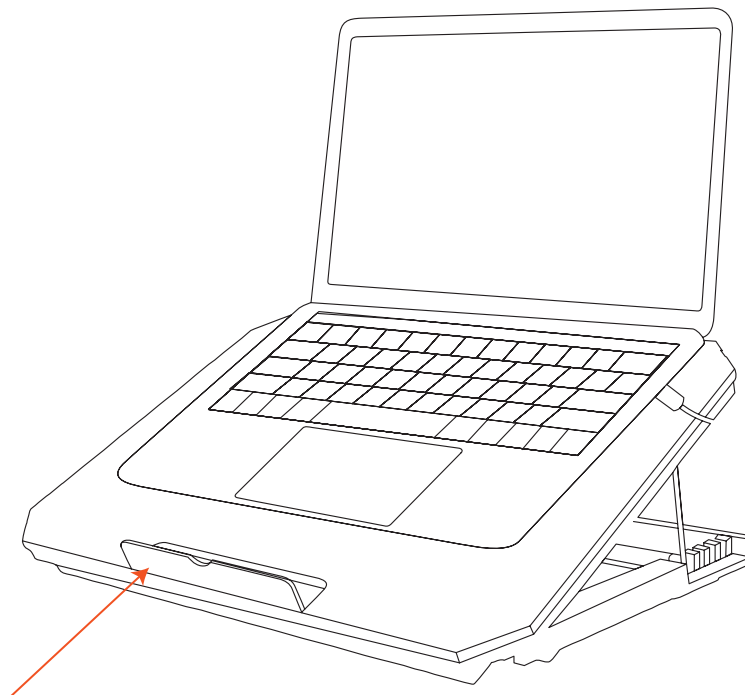

Mobile Phone Holder
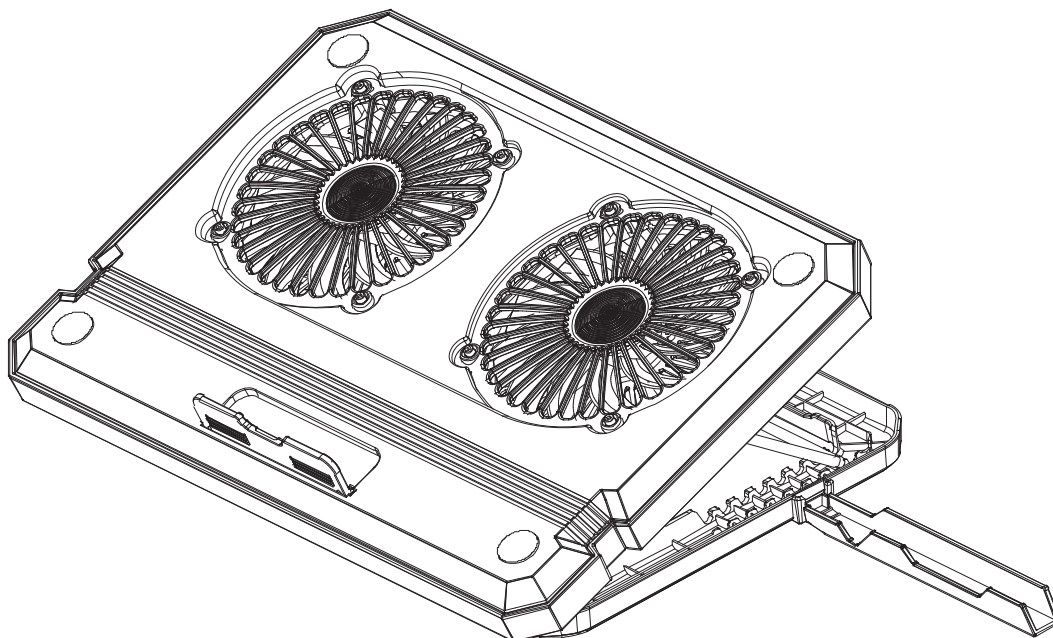

1. Open the base and adjust the lever to the most comfortable position. There are six different height settings to meet the user's requirement for better viewing angles.

2. Open the anti-slip base at the front. Then, place your laptop or tablet on the cooling pad.

3. Turn on your laptop or tablet PC. Connect the USB cable from the device to the USB port located on the back of the cooling pad.

4. Use the fan speed scroll switch to power on the cooling pad and adjust the fan speed.

Note: Turn the switch to the left to decrease the speed and to the right to increase it.
