Overview

The Porodo Vertical 4000DPI Wireless Mouse is a dual-mode mouse supporting both 2.4G and Bluetooth connections. Designed with ergonomics in mind, the mouse features a comfortable and anti-slip scroll wheel for enhanced control. It is plug-and-play with the receiver. The 2.4G/Bluetooth transmission provides an unobstructed operation distance of up to 10 meters and meets the automatic frequency hopping requirements of the ISM (Industrial, Scientific, and Medical) frequency band, effectively preventing interference between wireless devices.

Specifications

Battery Capacity	500mAh
DPI	800 ,1600 ,2400 ,3200 ,4000
Connectivity	2.4GHz, Bluetooth
Bluetooth Version	5.1
Effective Range	10m
Product Size	67 x 76.5 x 119mm
Product Weight	80g
Model Number	PD-ETK05

Usage Guide

1. Power on the computer.
2. Connect the USB receiver of the wireless mouse to the computer's USB port.
3. The mouse will be ready for use once the computer starts.
4. The USB receiver can be plugged in or unplugged at any time while the computer is in use.
5. The mouse features multiple automatic sleep functions. When the receiver is disconnected or the device is powered off, the mouse swiftly enters deep sleep mode, thereby conserving battery power.
 - 5.1 The mouse enters first-level sleep within 2 to 3 seconds. Move the mouse or press any button to wake it up.
 - 5.2 The mouse enters deep sleep after 10 minutes of inactivity. Press any mouse button to wake it up.
- Note:** When the computer enters sleep mode, the mouse will not immediately enter deep sleep. It will enter deep sleep after 10 minutes of inactivity. Press any mouse button to wake up both the mouse and the computer simultaneously.
6. In 2.4G mode, the mouse is plug-and-play, requiring no code pairing. In Bluetooth mode, simply search and pair with the device. For forced pairing, simultaneously press and hold the right and middle buttons until the lens indicator flashes rapidly, then proceed to search and pair the device.
7. Once connected to the device, press the DPI button to switch between 800 ,1600 ,2400,3200, and 4000 DPI settings.

Button Guide

1. Left Button: Performs the standard function of the left mouse button.
2. Right Button: Performs the standard function of the right mouse button.
3. Middle Button: Performs the standard function of the middle mouse button.
4. Scroll Wheel: Provides the standard function of scrolling.
5. DPI Button: Press briefly to cycle through DPI settings. Press and hold to switch between Bluetooth modes.

- 6.** Side Buttons: Perform the standard functions assigned to the side buttons.
- 7.** Power Switch: Turns the mouse on/off.

System Requirements

- 1.** Windows 2000 or later operating system. For Windows 95 and 98, a driver may be required. Supported systems include Windows (recommended version 8 or later), macOS (recommended version 10 or later), and Android.
- 2.** USB 1.1 or higher port required.
- 3.** At least 20MB of available hard disk space.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
