Features

1. Plug the device into a socket.
2. The white indicator light will turn on automatically.
3. One Universal 3-pin socket will be converted into one 3-pin AC outlet.
4. The device includes USB-A port, USB-C port, and one 30 cm long Type-C charging cable.

Warnings

1. The power of all devices used should not exceed 3250W (13A) rated power. Please check the rated power before using high-power devices such as air conditioners, microwaves, and hair dryers.
2. Do not cover the power strip with anything to prevent overheating.
3. Do not use the device in a damp environment.
4. Do not disassemble or modify the device yourself.
5. Keep the device out of the reach of children.
6. Never immerse the device in water. If the device becomes wet, do not use it.
7. Prevent the device from falling or being dropped to avoid damage.

Compatible Devices

The product is compatible with most 3-prong devices that have low-rated power. Please check the rated power limits and safety parameters in the device's specifications before plugging it in.
