Overview

The Series Smartphone Holder is a patented mobile phone holder designed for versatile use. It features a smooth surface with a magnetic suction surface, allowing it to be positioned at any angle. One side uses an electrically driven vacuum suction cup with an intelligent pressure monitoring system that automatically adjusts based on pressure changes. The other side is equipped with 16 strong neodymium magnets, making it compatible with mobile phones that have magnetic coils, magnetic pads, or iron surfaces.

Specifications

Blinking Red: Charging in progress.

TYPE-C Charging Port

Exhaust Switch: Press to release the phone.

1. Install the Magnetic Disk on the phone or the designated spot on the phone case.
2. Apply the Vacuum Adsorption Surface to the center console, rearview mirror, or any desired surface.
3. Hold the Phone with One Hand and press the air valve button with your finger to easily remove the phone.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
