## Overview

Thank you for choosing the 200W car inverter. This product is designed to be used with 12V car cigarette lighter interfaces and can convert 12V DC power into 220V AC power. It features three USB ports and supports fast charging protocols such as PD, QC3.0, AFC, PPS, FCP, SCP, and SFCP. The AC socket provides 220V AC output, making it ideal for charging devices like laptops and smartphones, as well as various electronic devices such as drones, remote control models, digital cameras, and mobile DVD players. Additionally, it includes a large LED screen to display the charging status.

## Schematic Diagram

## Operation Guide

**Note:** To avoid overloading, please familiarize yourself with the following guidelines.

- 1.** Insert the power inverter's input plug into the car's cigarette lighter socket. The inverter's LED display will show the automobile battery voltage.
- 2.** Before connecting any appliance, verify that its power does not exceed the inverter's output capacity.
- 3.** After connecting your appliance to the inverter's AC socket, press the AC switch. The inverter will begin to output 220V AC power, and the cooling fan inside will start working.
- 4.** Do not use the inverter for extended periods after the car engine is off. Doing so may severely drain the automobile battery, potentially affecting the engine's ability to start and shortening the battery's lifespan.
- 5.** When not in use or after use, please unplug the inverter from the cigarette lighter socket and store it properly.

## Caution

- 1.** A slight increase in temperature and fan noise are normal during the use of this product.
- 2.** Ensure that the appliance you are using does not exceed 200 watts.
- 3.** Keep children away from this product.
- 4.** This product is for use with DC 12V cars only and is not compatible with DC 24V systems.

## Specifications

Input Voltage	DC 12V/20A
Output Voltage	AC 220V
Output Power	200W
AC Output Frequency	50Hz
USB-A + USB-C1	5V/3.4A, 17W Max
USB-A Output	5V/3A, 9V/2A, 12V/2A, 24W Max
USB-C1 Output	5V/3A, 9V/3A, 12V/3A, 36W Max
USB-C2 Output	5V/3A, 9V/3A, 12V/2.5A, 30W Max
Cable Length	70mm
Product Size	41 x 67 x 100mm
Product Weight	252g
Model Number	FWC067

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **[porodo.net/warranty](https://porodo.net/warranty)** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.

For more info, please check:
