Product Overview

The Porodo Rechargeable Smart Kitchen Scale combines functionality and style with its sleek design and advanced features. Equipped with Bluetooth app sync, it ensures seamless integration with your smartphone, making it easier to track and manage your kitchen measurements. The scale offers a fast unit switch and a one-touch tare feature for added convenience. With a water-resistant IPX5 rating, it can withstand spills, ensuring durability and longevity. The tempered glass platform not only enhances its sleek look but also offers easy cleaning. This scale has a capacity of 10kg and provides precise measurements with a 1g division. It is powered by a rechargeable 250mAh battery, which can be easily charged via USB-C. The Porodo Rechargeable Smart Kitchen Scale is an ideal tool for those looking to elevate their kitchen experience, offering a blend of smart technology and reliability.

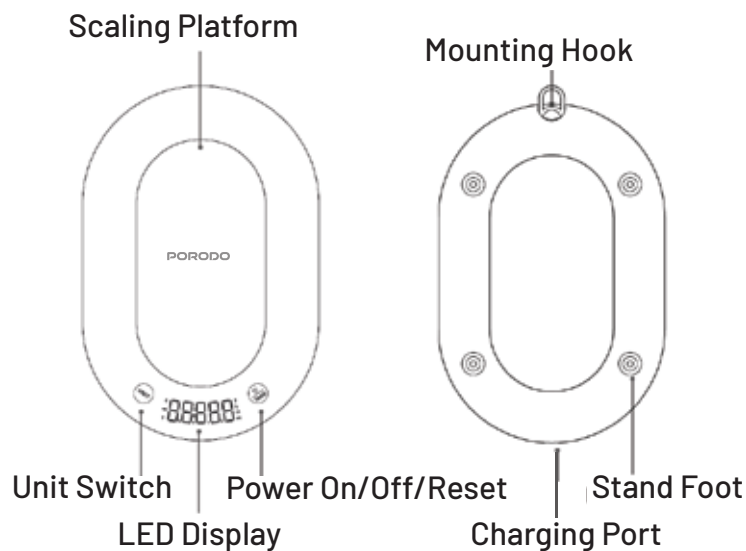

Specifications

Battery Capacity	250mAh
Weight Capacity	10kg
Division	1g
Units	g/mL/oz
Charging Interface	USB-C
Water Resistance	IPX5
Product Size	187.5 x 150 x 28mm
Product Weight	304g
Model Number	PDLFSTCK838

Product Features

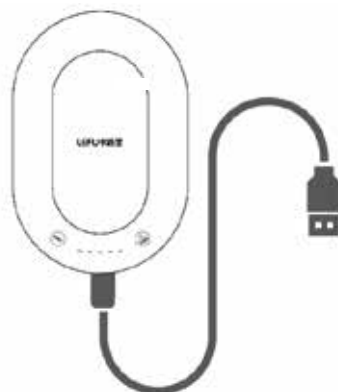

1. Sleek Design: Modern, minimalist look that fits perfectly in any kitchen setup.
2. Precise Measurement: Offers accurate readings for all your ingredients.
3. Compact Size: Easy to store without taking up much space in the kitchen.
4. Multi-Functionality: Ideal for measuring liquids, solids, and more.
5. Easy-to-Read Display: Clear and bright digital readout for effortless reading.
6. Stable Platform: Ensures that your ingredients stay in place during use.

Product Design

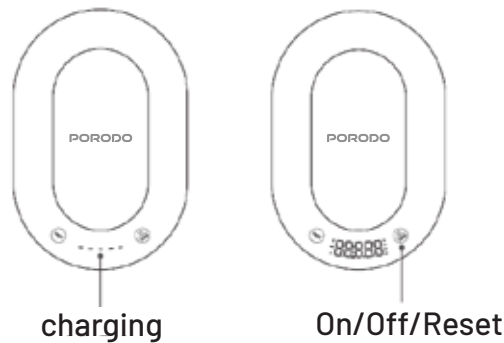

Charging instructions

1. For first-time use, remove the charging cable and connect the kitchen scale to a power source to begin charging.

2. While charging, the middle stroke indicator will move from left to right ("—").
 3. When charging is complete, the indicator will display as (".....").
 4. Press the "On/Off/Reset" button to turn on the device.
- Note:** Do not weigh items while the device is charging.

Operation Instructions

1. Power On:

Press the power button to turn on the scale. The default unit is grams (g). Once the display shows 0g, you can place an object on the scale to weigh it.

2. Switch Units:

Press the unit switch button to change between units (g to ml, lb to oz, and 0oz to 0oz).

3. Tare Function:

After weighing an object, press the (⌵) button to tare and reset the scale to zero.

4. Power Off:

With the display showing zero, press the (⌵) button again to power off the scale. The scale will also automatically shut down after 120 seconds of inactivity.

5. Notes:

- a. The default unit is g when first used.
- b. A buzzer will sound when you press any button.
- c. If the object weighs more than 10,000g, an error indicator will show "Err", and the scale will shut down after approximately 5 seconds.
- d. If the tare and weighing weight exceed the range, the scale will show "Overload".

e. When the battery is low, "Lo" will display, and the scale will turn off after approximately 3 seconds.

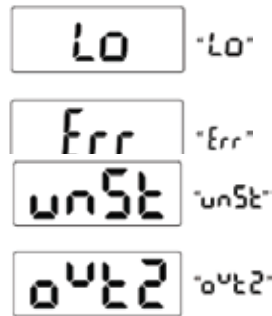

6. Error Meanings:

a. Low battery warning. Please replace the batteries immediately.

b. Overload warning. The weight exceeds the maximum range of 10,000g.

c. Unstable weight warning. Place the scale on a flat surface.

d. Loaded startup error. Remove the object from the scale and restart.

App Installation

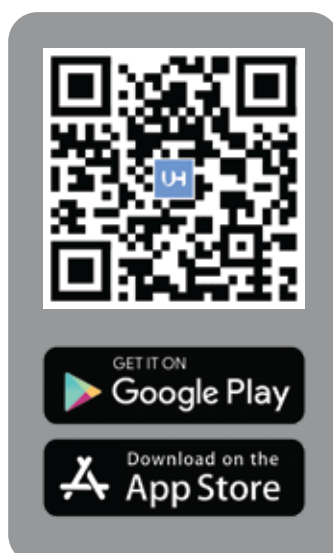

1. Install the App

Search for Unique Health in the Android or Apple App Store, or scan the QR code below to download and install the app. Connect the app to your device once installed.

2. System Requirements

iOS: Requires iOS 12.0.0 or later.

Android: Requires Android 7.0 or later, with Bluetooth 4.0 or above.

Bluetooth Pairing Instructions

- 1. Enable Bluetooth:** Turn on both your kitchen scale and Bluetooth on your phone, then open the Calorie app.
- 2. Bind Device:** Tap the "+" sign in the top-right corner, select "Bind device," and search for your calorie scale.
- 3. Complete Binding:** When the device "K838" appears on your phone, tap "Save" to finalize the binding process.
- 4. Sync Data:** Once paired, your data will sync to the mobile app in real time, displaying calorie and nutrient content.

Safety Precautions

- 1. Stable Surface:** Ensure the scale is placed on a stable surface for accurate measurements.
- 2. Weigh One Ingredient at a Time:** Always weigh only one ingredient at a time. Reset the scale to zero before adding each new ingredient.
- 3. Minimize Disturbances:** Avoid placing the scale on an unstable surface or allowing external vibrations, such as knocking, which may cause inaccurate readings.
- 4. Observe Load Capacity:** Never exceed the scale's maximum load capacity, as doing so can damage the scale or result in inaccurate measurements.
- 5. Handle with Care:** Exercise caution when handling the scale. Avoid dropping or impacting it, as rough handling may damage it or lead to incorrect measurements.
- 6. Keep Dry and Clean:** Clean the scale regularly with a soft, damp cloth. Avoid exposure to water or soaking, which can cause damage.
- 7. Avoid Extreme Environments:** Store and use the scale in environments that are not excessively hot, cold, or humid to maintain its accuracy.

8. Do Not Weigh Corrosive Items: Never place corrosive substances on the scale, as they could damage it.
9. Intended Use: This device is intended for household use only and is not designed for commercial purposes.
10. Turn Off When Not in Use: Avoid leaving items on the scale when not in use to prevent unnecessary battery drain, which may lead to malfunction.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
