## Description

- 1. On/Off Button
- 2. Coffee Cups
- 3. Coffee Pot Mainframe
- 4. Heating Plate

## **Caution**

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

Children shall not play with the appliance.

Cleaning and user maintenance shall not be made by children unless they are older than 8 years and supervised.

Children younger than 8 years shall be kept away from the appliance and its mains cord.

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons in order to avoid a hazard.

Never immerse the unit in water or other liquids.

This appliance is designed for household use only and for processing normal household quantities.

Before plugging into a socket, check whether your voltage corresponds with...

the voltage printed on the bottom of the appliance and that you are using an earthed socket.

Avoid touching hot surfaces, especially the keep warm plate. Never let the cord come in contact with the keep warm plate.

The keep warm plate is subject to residual heat after the appliance is switched off.

Only use the appliance with water and for preparing coffee to avoid any damage to the appliance.

Do not put the glass carafe on other heated surfaces (such as stove plates, hot trays, etc.)

Do not use the glass carafe in the microwave.

Always use cold water to make coffee.

Before you start preparing a new pot of coffee, always allow the coffee

maker to cool down for approx. 5 minutes (switch off the appliance), otherwise, steam can develop when filling the water tank with cold water.

## Making Coffee

When filling the coffee cups with fresh cold water, refer to the carafe height markings or the water level indicator and fill to the desired number of cups.

Add the desired amount of ground coffee, corresponding to the number of cups being brewed. We recommend using 1 tablespoon or 1 coffee scoop of ground coffee per cup, but use more or less to suit your taste.

Coffee cups in its position on the keep warm plate.

Plug the cord into an electrical outlet and press the ON/OFF button.

Brewing time per cup: approximately 1 minute.

## Auto Off Function

For your convenience and also additional safety, the appliance will switch off automatically three minutes to finish the job.

After hearing the sound three times, START "Red" change OFF "Blue".

Working again requires a fresh start.

**Note:** The ratio of water to coffee 13:1/12 MAX (250ml water + 20g coffee).

## Descaling

Frequency will depend upon the hardness of your tap water and how often you use the coffee maker.

Descaling is indicated when the brewing time is much longer than 1 minute per cup.

You can use a commercially available decalcifying agent not affecting aluminum.

We recommend using the Braun Descaling Solution (may be purchased separately).

## Cleaning & Maintenance

1. Always turn coffee maker off and remove the plug from the electrical outlet before cleaning.
2. Let the appliance cool down.
3. The filter basket, carafe and lid are dishwasher safe.
4. Do not use any scouring agents or harsh cleansers on any part of the coffee maker.
5. To clean the base never immerse the unit in water or other liquids but simply wipe a clean, damp cloth and dry before storing.

## Specifications

Model No.	GL-CM06
Material	BPA-free Plastic & SS
Power	600W
Voltage	220-240V~ 50/60Hz
Max Capacity	Coffee Pot - 250ml (Up to 5 Cups)
Brew Time	Approx. 2-3 minutes
Cord Length	UK Plug (1.2 Mtr)
Product Weight	1.4kg
Product Dimensions	25x 17x23cm

## Disposal

Do not dispose of discarded electrical appliances as unclassified urban waste. They should be handed over to an officially designated recycling center, which is beneficial for environmental protection.

## Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.greenlion.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
