

GREEN LION

USER MANUAL

DYNAMIC DUO
ULTIMATE 41 | EARBUDS PRO 2

Adapt to platform requirements:

Android 5.0 and above mobile phones

IOS 9.0 and above mobile phones

APP download method:

- IOS/Android phone users: scan the above QR code to download and install the application.
- Android: Search for "LaxasFit" through the software application store to download and install the application.
- Apple: Search for "LaxasFit" through the App Store to download and install the app.

Initial use

- To ensure the normal use of the watch, please charge it first.
- The power supply of the wireless magnetic charging suction cup is aligned with the wireless magnetic charging suction cup on the back of the watch (the charging base will light green)

Watch and APP connection

- The permissions during the APP installation process are fully agreed, and the watch and the mobile phone must be connected to the APP and the mobile phone Bluetooth to achieve all functions.
- APP connection method: open the APP and mobile phone Bluetooth, the APP reminds you to enable the notification point to confirm. Click to add a device, search for the device name and click Connect to connect to the watch device.
- Mobile phone Bluetooth connection: Bluetooth must be turned on on the watch side, enter the mobile phone Bluetooth, search for the Bluetooth device of the model name, and click Connect to pair.
- Simple solution to common Bluetooth problems: Due to the lack of uniformity in the Bluetooth protocol of various mobile phone brands, sometimes the Bluetooth connection between the mobile phone and the watch may be unstable. You can turn off the Bluetooth of the mobile phone and reconnect it again, or reset the watch to the factory settings, such as the watch is in a dead state, you can press and hold the power button for 10 seconds to restart the watch.
- How to verify that the Bluetooth connection is successful: The Bluetooth icon in the upper left corner of the main menu is oval to indicate that the Bluetooth connection is successful. Use the watch to click to find the phone or enter the APP to find the watch. If there is vibration, it means that the voice BT is connected successfully.
- If the watch has an incoming call, there is no notification reminder on QQ WeChat, you need to set the phone settings-notification settings, open the corresponding application and open the notification application to receive information notification.

Watch operating instructions:

Power button: Up button: short press to return, down button: wake up and long press can be used to switch the machine.
Clock inter face: Clock interface: Slide the card function or shortcut component left and right, slide up and down directly into the smart stack or message notification.

Precautions for use:

- Not suitable for bathing and swimming.
- Please connect the watch when synchronizing data.
- Use the built-in charging cable to charge.
- Do not expose the watch to high moisture, extremely high or extremely low temperatures for a long time.

Watch maintenance:

- Do not scratch the sensor, protect it from damage.
- You can wipe the surface of the watch with a damp cloth, and use mild soap and water to remove oil or dust.
- Do not expose the watch to an environment with strong chemical substances, such as gasoline, cleaning solvents, propanol, alcohol or insect repellent, chemical substances will damage the sealing of the watch and the surface of the case.
- Avoid your watch from being exposed to strong shocks and extreme heat exposure. This product does not support IP68 waterproof, does not support rain, hand washing, swimming wear, hot showers or saunas, etc., can not be worn, and cannot prevent water vapor. If the watch is damaged due to water ingress due to use in violation of the instructions, our company will not provide a free warranty.

common problem:

Can't find the watch?

- Answer: Because the Bluetooth broadcast of the watch has not been searched by the mobile phone, please make sure that the watch is powered and activated, and is not connected by other mobile phones. Move the watch close to the mobile phone and search again. If it still does not work , turn off the bluetooth of the mobile phone and turn it on

again after 20 seconds. Bluetooth searches again.

Is the Bluetooth connection always on? Will there be any data if it is turned off?

Answer: Before synchronizing the data, the exercise and sleep data will remain on the watch host. When the Bluetooth connection between the mobile phone and the watch is successful, the watch will automatically upload data to the mobile phone, but the data stored by the watch is limited. It can only store Bluetooth data for about one week. When the space is full, the oldest data will be automatically overwritten to generate the latest data, so please Sync your watch to your phone in time.

Note: If the call and SMS reminder function is turned on, you need to keep the Bluetooth connected, and the alarm clock reminder supports offline.

What should I do if the watch cannot be charged?

- Please make sure that the direction of the charging stand is correct and the charging clip is in good contact with the watch.
- When the power of the watch is lower than 3.6V , there will be a period of battery precharging time.

Remarks: It will enter the charging state immediately after the charger is plugged in. If there is no display , you need to charge for 3-5 minutes to enter the charging state.

Will the watch cause harm to the human body if worn for a long time?

Answer: The radiation of the equipment is much lower than the FCC standard of the United States, which is basically negligible. Long-term wearing will not cause radiation damage to the human body .

Function	Operation
Play / Pause	Tap Once
Next Song	Tap Twice
Previous Song	Tap 3 Times
Answer / Hang up	Tap Once / Tap Twice
Switch between ANC and Adaptive transparency	Press and hold
