Product Overview

The Lepresso Coffee Distributor Tool is designed to provide a balanced and evenly leveled coffee brew, ensuring consistent extraction. With its four-angled slopes and 58mm compatibility with portafilter baskets, this tool offers precision when preparing your coffee grounds. Made from high-quality stainless steel (SUS 304), it features a durable base and is crafted for easy, smooth use. Perfect for achieving barista-level results, it allows you to load the grounds evenly and twist the distributor for a perfect, uniform cup of coffee every time.

Specifications

Material	Stainless Steel SUS304, Alloy
Compatible Size	58 mm Portafilter's Baskets
Design	Four-Angled Slopes

Product Features

a. Four-Angled Slopes Design

The LePresso Coffee Distributor Tool features a unique four-angled slope design, which ensures even distribution of coffee grounds across the portafilter. This design improves the consistency of your espresso, allowing for a balanced brew with uniform extraction and flavor.

b. 58mm Portafilter Compatibility

This tool is specifically designed to fit 58mm portafilter baskets, a standard size for most espresso machines. This makes it a versatile addition to any coffee setup, providing compatibility with a wide range of espresso machines and ensuring precise leveling every time.

c. High-Quality Stainless Steel Construction

Made from premium SUS 304 stainless steel, the LePresso Coffee Distributor Tool is built to last. The durable material resists rust, corrosion, and wear, ensuring that the tool maintains its performance and aesthetic appeal over time, even with regular use.

d. Perfect for Even Ground Distribution

The tool's design ensures that coffee grounds are evenly distributed and leveled in the portafilter, which is crucial for achieving a balanced espresso. By evenly spreading the coffee grounds, the tool minimizes uneven extraction and helps create a smoother, more flavorful cup of coffee.

e. Easy-to-Use and Ergonomic

The distributor tool is easy to use, with a simple twist mechanism that ensures the coffee grounds are perfectly levelled. Its ergonomic design allows for a comfortable grip, making it a breeze to use even for extended periods, whether you're a novice or an experienced barista.

f. Compact and Lightweight

Designed to be compact and lightweight, this distributor tool is easy to handle and store. Its small size makes it portable, so you can take it with you to coffee shops, travel, or wherever you brew your espresso, ensuring you have the perfect coffee distributor on hand whenever needed.

Usage Guide

1. Prepare Your Portafilter

Begin by ensuring that your portafilter is clean and ready for use. Place it on a flat surface, such as your coffee counter or workstation.

2. Load Coffee Grounds

Add your freshly ground coffee into the portafilter basket. Be sure to use the right grind size for espresso, as this will contribute to the overall flavor and extraction process.

3. Position the Distributor Tool

Place the LePresso Coffee Distributor Tool on top of the coffee grounds. Ensure that the tool fits securely within the 58mm portafilter basket, ensuring a stable and even surface to work with.

4. Twist for Even Distribution

Gently twist the distributor tool to evenly spread the coffee grounds across the portafilter. The four-angled slopes will help ensure that the grounds are leveled out evenly. This step is crucial for achieving a consistent and balanced brew.

5. Final Leveling

After twisting, the grounds should be evenly distributed across the portafilter. If needed, lightly tap the portafilter on the counter to settle the grounds. You should now have a smooth, level surface, perfect for the next step in your espresso-making process.

6. Brew Your Espresso

Once your coffee grounds are perfectly leveled, insert the portafilter into your espresso machine and begin brewing. The even distribution will ensure a balanced and rich espresso extraction, giving you a superior cup of coffee.

7. Cleaning and Maintenance

After use, clean the distributor tool by wiping it with a dry or lightly damp cloth. Avoid using harsh detergents. Regular cleaning will help maintain the tool's performance and longevity.

Safety Precautions

- 1.** The Lepresso Coffee Distributor Tool is made of high-quality stainless steel, which can be sharp in some areas. Always handle the tool carefully to avoid any accidental cuts or injuries.
- 2.** Due to its small size and metal components, this tool should be away from the reach of children. It is not a toy, and misuse could result in injury.
- 3.** Always place the portafilter and distributor tool on a flat, stable surface while using. This ensures that the tool works effectively and prevents spills or accidents while distributing the coffee grounds.
- 4.** While the tool is durable, dropping it onto hard surfaces may cause damage to the distributor or affect its precision. Always ensure the tool is securely placed on a steady surface when not in use.
- 5.** To maintain hygiene and safety, clean the tool after each use. Wipe it with a dry or slightly damp cloth.
- 6.** Store the tool in a safe place where it won't be subjected to unnecessary impact or pressure. A storage box or drawer dedicated to coffee accessories is ideal to keep them in good condition.
- 7.** When using the tool, avoid applying excessive force during the twisting process. Gentle, steady twisting is sufficient to achieve even grounds. Over-twisting may lead to wear and tear on the tool or cause unnecessary strain on your hands.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **LePresso** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **LePresso** website or store. If **LePresso** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.lepresso.com/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
