Speaker Size	50mm
Impedance	20Ω
Cable Length	2.1m
Rated Power	10mW
Max Input Power	20mW
Plugs	3.5mm*2 & USB-A

Mic Sensitivity	-38±3dB
-----------------	---------

## Product Features

1. The 50mm speaker drivers deliver powerful, crisp, and clear audio, enhancing your gaming experience with rich sound details. This large speaker size ensures deep bass and clear high frequencies, providing an immersive soundstage that lets you hear every sound cue during gameplay.
2. The 3D surround sound feature allows you to experience audio in a three-dimensional space, offering directional sound that helps you pinpoint in-game sounds such as footsteps, gunshots, or environmental noise. This feature enhances situational awareness and provides a competitive edge during gameplay.
3. The omnidirectional microphone captures sound from all directions, ensuring clear and consistent voice transmission. Whether you're giving commands or chatting with teammates, this microphone minimizes distortion and background noise for sharp, intelligible communication.
4. The RGB breathing lights add a dynamic visual element to the gaming experience. These lights create a unique ambiance and allow you to match the headset's aesthetic with your gaming setup, enhancing the overall look and feel.
5. Designed with comfort in mind, the ultra-lightweight construction of the headset ensures you can wear it for extended periods without discomfort. The lightweight build reduces pressure on the head and ears, making it ideal for long gaming marathons or e-sports tournaments.
6. Tailored for gamers, the Porodo Gaming Headphone is optimized for e-sports and casual gaming alike. The high-definition audio, precise microphone, and comfortable design make this headphone a perfect choice for both competitive gamers and those who enjoy immersive gaming experiences.

## Safety Precautions

- 1.** To prevent hearing damage, always keep the volume at a moderate level. Prolonged exposure to high-volume audio can cause hearing loss. It is recommended to take breaks and reduce the volume when not actively listening.
- 2.** Avoid exposing the headphones to moisture or liquids, as this can damage the internal components. Keep them dry and store them in a cool, dry place when not in use.
- 3.** Ensure that the audio cables are not pulled or stretched excessively, as this can cause the wires to fray or disconnect. Always handle the cables gently to prolong the lifespan of the headset.
- 4.** When not in use, store the headphones in a safe, secure place to avoid damage. Avoid placing them under heavy objects or in areas where they might get crushed or bent.
- 5.** To clean the headphones, use a soft, dry cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the headphone surface or compromise the sound quality.
- 6.** Keep the headphones away from direct sunlight, heat sources, or extremely hot environments, as prolonged exposure to high temperatures can damage the materials and electronics inside the headset.
- 7.** Periodically inspect the cables and connectors for any signs of wear or damage. If the cables show any fraying or exposed wiring, discontinue use and replace them to prevent potential safety risks.
- 8.** If you're using the headset during long gaming sessions, take regular breaks to avoid physical strain. Avoid wearing the headset too tightly to prevent discomfort or pressure on your ears and head.

## FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements.  
The device can be used in portable exposure conditions without restriction.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
