Product Overview

The Porodo Blue Universal Phone Mount with Vacuum Suction is designed for convenient and secure phone placement in your vehicle. Crafted from high-quality ABS and silicone materials, this mount ensures durability while maintaining a lightweight structure, weighing only 109g. The mount features a strong suction base that firmly attaches to flat surfaces, providing stability during use. It allows for easy one-handed operation, offering a flexible viewing angle to ensure optimal visibility of your phone. This mount supports a wide range of phone models, making it a versatile solution for hands-free phone usage while driving. Its simple and efficient design makes it an ideal accessory for anyone in need of a reliable phone mount.

Specifications

Product Materials	ABS, Silicone
Net Weight	109g
Product Size	61 x 116 x 117mm
Model Number	PBHSM33

Product Features

- 1. Strong Suction:** The mount is equipped with a powerful suction base that securely attaches to flat surfaces, ensuring the phone remains stable during use.
- 2. One-Handed Operation:** The design allows for easy mounting and removal of your phone with just one hand, providing added convenience while driving.
- 3. Flexible Viewing Angle:** The mount offers adjustable angles, allowing you to position your phone for optimal visibility and comfort.
- 4. Durable Construction:** Made from high-quality ABS and silicone materials,

the mount is built to last, providing long-term use and reliability.

- 5. Lightweight:** Weighing only 109g, the mount is lightweight and easy to handle, making installation and adjustments effortless.
- 6. Universal Compatibility:** This mount is designed to fit a wide range of phone models, making it a versatile accessory for most devices.
- 7. Compact Size:** With dimensions of 61 x 116 x 117mm, the mount is compact and space-efficient, perfect for use in your vehicle without taking up unnecessary space.

Instructions for Use

- 1. Prepare the Mount:** Before use, ensure the suction base of the mount is clean and free from dust or debris for optimal suction.
- 2. Attach the Mount:** Place the suction base on a flat, smooth surface in your vehicle, such as the dashboard or windshield. Press down firmly to activate the strong suction and ensure it is securely attached.
- 3. Insert Your Phone:** Gently place your phone into the mount. The arms of the mount will automatically adjust to hold your phone securely. If necessary, adjust the arms for a snug fit.
- 4. Adjust the Viewing Angle:** Once your phone is in place, adjust the mount to the desired viewing angle. The mount is flexible, allowing you to position your phone for clear visibility.
- 5. Remove Your Phone:** To remove your phone, simply pull it from the mount. The arms will release automatically.
- 6. Detach the Mount:** To remove the mount, carefully pull on the suction base tab to release it from the surface. Ensure the suction is released before detaching.
- 7. Store the Mount:** When not in use, store the mount in a safe, dry place. If needed, clean the suction base to maintain its effectiveness for future use.

Cleaning and Maintenance

- 1. Cleaning the Suction Base:** To maintain the strong suction power, regularly clean the suction base. Gently wipe it with a damp cloth to remove any dust,

dirt, or debris. For a deeper clean, rinse the suction cup under lukewarm water and let it air dry before reattaching it.

2. Cleaning the Mount Arms: The arms of the mount can be cleaned using a soft, dry cloth to remove dust or fingerprints. If necessary, lightly dampen the cloth with water and wipe the arms gently.

3. Avoid Harsh Chemicals: Do not use harsh cleaning chemicals or abrasive materials on the mount as they can damage the surface or reduce the suction efficiency.

4. Storage: When not in use, store the mount in a cool, dry place away from direct sunlight. This will help maintain the longevity of the materials and suction power.

5. Check for Wear and Tear: Periodically inspect the mount, particularly the suction base and arms, for any signs of damage or wear. If any part appears damaged, it is recommended to replace the mount to ensure safe use.

Safety Precautions

1. Ensure Secure Attachment: Always ensure the suction base is securely attached to a flat, smooth surface before placing your phone in the mount. A loose attachment may cause the mount to detach while driving, leading to potential distractions or accidents.

2. Avoid Blocking View: Position the mount and phone in a way that does not obstruct your view of the road or any essential controls in your vehicle. The mount should be placed in a location that allows for safe, hands-free operation.

3. Do Not Overload the Mount: Only use the mount to hold devices within its specified weight limit. Overloading the mount can reduce its effectiveness and potentially damage the product.

4. Regularly Check for Stability: Periodically check that the mount is securely attached to the surface and that the phone is held firmly. If the suction base begins to weaken, clean and reposition it before use.

5. Avoid Excessive Heat: Do not place the mount in areas exposed to extreme temperatures, such as direct sunlight for extended periods. Excessive heat may affect the suction power and the integrity of the materials.

- 6. Do Not Force the Mount:** If the suction base does not attach properly, do not force it. Clean the surface and base again, and ensure that the surface is smooth and free from any obstruction.
- 7. Use While Stationary:** It is recommended to adjust your phone or the mount when the vehicle is stationary. Making adjustments while driving can lead to distractions and increase the risk of accidents.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
