Product Overview

The Porodo Mirror-Mounted Phone Holder Bracket with an extendable arm is designed for convenience and flexibility. It features a dual-mode orientation, allowing for easy switching between landscape and portrait views. With a stable and secure hold, this phone holder ensures that your device stays in place even during bumpy rides. It offers a 270° reach swivel for optimal positioning and a four-axis locking mechanism for added security. The adjustable viewing angle provides a customized experience, and the one-handed operation makes it simple to use, making this product ideal for hands-free phone use while driving. Its extendable arm further enhances accessibility, allowing you to adjust the holder to your preferred position.

Safety Precautions

1. Ensure the phone holder is securely mounted on the mirror before use to avoid it coming loose while driving.
2. Do not exceed the weight capacity of the holder to prevent damage or instability.
3. Always verify that the four-axis locking system is fully engaged to prevent accidental slipping or shifting of the phone.
4. Adjust the phone holder and viewing angle only when the vehicle is stationary to avoid distractions while driving.
5. Periodically check the phone holder for any signs of wear, damage, or loose parts and replace it if necessary.
6. Ensure the phone holder does not obstruct your view of the road or interfere with vehicle controls.
7. Avoid exposing the holder to extreme heat or cold, as this could affect its material integrity or functionality.
