Maintenance

1. Keep this product out of reach of children and pets at all times.
2. Store the product in a dry environment. Avoid exposing it to high temperatures or direct sunlight, particularly inside a car.
3. If not in use, ensure the battery is charged every three months to maintain optimal performance.
4. Before use, remove any debris from the air inlet and outlet to prevent blockage.
5. During use, avoid allowing foreign objects to be sucked into the air inlet, as this may cause the turbine to jam, prevent normal operation, overheat the motor, and potentially damage the product.
6. Do not use alcohol, nail polish remover, or detergents to clean this product.
7. Avoid using or storing this product in humid environments.
8. If the product malfunctions and cannot start, immediately turn it off and cease use.
9. Do not disassemble or modify this product without proper authorization.

- 10. Do not use a fast charger with a current exceeding 3A to charge this product.
- 11. Avoid using the product while it is charging.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
