Product Overview

The Porodo Play-X 2-in-1 USB Dongle is designed to effortlessly convert wired CarPlay and Android Auto connections to wireless, providing a seamless and convenient experience in your vehicle. With Bluetooth V5 and Wi-Fi connectivity it allows you to wirelessly connect your iPhone or Android phone to your car's system, enabling access to your apps, music, calls, messages, navigation, and more. The adapter supports both wired and wireless Android Auto, offering flexibility to suit your preferences. Its plug-and-play functionality ensures easy setup, and the automatic connection feature provides hassle-free usage. Enjoy enhanced in-car connectivity with a sleek design, RGB lighting, and stable performance, allowing you to interact with your phone through the car's display, controls, or Siri voice commands.

Specifications

Material	Alloy+Glass
CPU	Allwinner
Power Input	5V
Rated Current	300mA
WIFI Frequency	5.8 GHz
Bluetooth Version	5
Input Connector	USB-A
Device Compatibility	iOS 10.0 and above, Android 11.0 and above
Working Temperature	-20°C to +70°C
Product Weight	24g
Product Size	10.5x39.5x54mm
Model Number	PDCRPLYS7

Package Contents

2-in-1 USB Carplay adapter x1

USB-A to USB-C cable x1

Wireless Car play and Android Connection

1. Simply plug the adapter into the original carplay interface and wait for the box interface to appear.

2. Turn on the Bluetooth on your phone.

3. Select and pair your phone with the device "Ai-Box".

4. When the pairing is complete, a car play window will pop up on your phone. Click "Use Carplay" to enter the Carplay interface.

Wireless Android auto-connection process

Error Report and Software Update

To submit an issue or upgrade the device, first connect the product to a USB 5V power supply (as shown in the figure below). Once the device is powered on, connect your mobile phone to the device's Wi-Fi network. The Wi-Fi name will be: A1Box-BT-XXXX, and the password will be: 88888888. After connecting, open a browser and enter the following URL: <http://192.168.1.101> to access the background system.

phone charger

Use the original Carplay port
(not recommended)

Problem Report

Enter the background system to fill in the problem description. Click submit and take a screenshot of the mobile phone to contact the supplier.

Software Update

Enter the backstage system and click "Update" to download and install the software update.

Safety Precautions

1. Ensure that the adapter is used in a well-ventilated area and avoid covering it with objects that could block airflow, as excessive heat can damage the device.
2. Always plug the adapter into a USB 5V power supply, as using a higher voltage can lead to overheating or device malfunction.
3. The device should be handled gently. Avoid dropping or subjecting it to strong impacts that could damage its internal components.
4. When connecting the device to your car's system, ensure the USB and Wi-Fi connections are stable. Loose connections can cause instability in performance.
5. Keep the adapter away from water, liquids, and extreme humidity to prevent short circuits and device failure.

6. If the device is left in use for extended periods, periodically check it for overheating or any irregular behavior to prevent long-term damage.
7. Do not attempt to open, modify, or repair the adapter yourself, as this could void the warranty and potentially cause damage or malfunction.

IC Caution Statement

Radio Standards Specification RSS-Gen, Issue 5 - English:

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s).

Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

RF Exposure Statement:

The device has been evaluated to meet the general RF exposure requirements.

The device can be used in portable exposure conditions without restriction.

French:

Cet appareil contient des émetteurs/récepteurs exemptés de licence conformes aux RSS d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes :

Cet appareil ne doit pas causer d'interférences.

Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Déclaration d'exposition RF :

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
