Preface

Read all instructions carefully before using this product.

Never connect your smart device to charge while the power bank is in the process of charging.

Do not drop.

Do not immerse in water.

Do not place near a fire or any other source of intense heat – battery could explode if heated.

Product Introduction

The Portable LED Camping Light is the ideal companion for outdoor enthusiasts, campers, and adventurers looking to brighten up their surroundings with reliable, energy-efficient lighting. Designed with versatility and portability in mind, this light offers a perfect balance of performance, ease of use, and compactness. Whether you're camping, hiking, or enjoying a peaceful night in nature, this light ensures you'll have ample illumination for various activities.

This camping light features RGB string lights, offering a variety of lighting modes to set the perfect mood for any environment. With the ability to change between warm, white, and RGB modes, including flash and breathing effects, it's a versatile choice for outdoor relaxation or any scenario requiring adjustable brightness.

Its robust design, with a solar panel and Type-C charging capabilities, ensures you're always ready for outdoor adventures without worrying about battery life. Whether using it for a campsite or on your patio, the Portable LED Camping Light stands out with its compact size, efficient power consumption, and a sleek design that's both functional and aesthetically pleasing.

This product is crafted from ABS plastic for durability and comes equipped with a 3000mAh Li-ion battery that provides impressive

working hours of continuous lighting. Additionally, with a 10W power rating and 500 lm brightness, it offers excellent lighting performance without consuming excessive energy.

Specifications

Model No.	GCL-07
Material	ABS Plastic
Battery	3000mAh Li-ion
Power	10W
Voltage	3.7V
Bulb	69SMD+ RGB String Light
Brightness	500 lm
LED Bulb Light Modes	White Light, Warm Light, Warm White
String Light Modes	Warm Glow, RGB Flash, RGB Fade, Warm Fade
Power Sources	Solar Panel and Type-C
Charging Time	3-4 Hrs
Working Time	5-8 Hrs
Product Weight	360g
