Product Overview

The Porodo Blue Cradle Suction Car Phone Holder is designed for easy and secure mounting of your phone in your car. It features full flexibility with a 360° rotation and an adjustable viewing angle, allowing you to position your device for optimal visibility and convenience. The strong suction base ensures reliable attachment to multiple surfaces, while the lock and release function makes it simple to mount or remove your phone with one hand. The adjustable arm further enhances the holder's versatility, providing a customized fit for your phone. Additionally, the sturdy adhesive ensures that the holder stays firmly in place, giving you peace of mind while driving.

Specifications

Material	ABS + PC
Clamp Width	64-97mm
Telescopic Arm Length	90-137mm
Load Capacity	1kg
Product Weight	168g
Model Number	PBBJ102

Product Features

- a.** 360° Rotation: The phone holder provides full 360° rotation, enabling users to adjust the phone to any desired angle for optimal viewing.
- b.** Adjustable Viewing Angle: The holder allows for precise adjustment of the viewing angle, ensuring a clear and comfortable line of sight during use.
- c.** Strong Suction Base: Equipped with a robust suction base, the holder adheres securely to various surfaces, ensuring stability and preventing

slippage.

d. Lock and Release Function: The lock and release mechanism facilitates easy mounting and removal of the phone with a single hand, offering convenience and efficiency.

e. Adjustable Arm: The holder features an adjustable arm, allowing users to customize the distance and positioning of the phone for ideal placement.

f. Strong Adhesive: The included adhesive ensures the holder remains firmly attached to surfaces, even during sudden movements or bumps in the vehicle.

g. One-Handed Operation: Designed for ease of use, the holder enables mounting and removal of the phone with one hand, minimizing distractions while driving.

h. Universal Compatibility: The holder is designed to accommodate a wide range of smartphones, providing a secure fit for various device sizes.

i. Multi-Surface Mounting: The suction base allows for attachment to multiple surfaces, including the dashboard and windshield, offering flexible placement options.

j. Compact Design: With a sleek, space-saving design, the holder maintains a neat and organized appearance on the dashboard without taking up excessive space.

k. Durable Build: Constructed from high-quality materials, the phone holder is built to withstand regular use and provide long-lasting performance.

l. Easy to Install: The holder can be easily installed without the need for tools, ensuring a quick and straightforward setup process.

Instructions for Use

1. Installation:

a. Clean the surface where the phone holder will be attached (e.g., dashboard or windshield) to ensure maximum adhesion.

b. Position the suction base on the desired location and press down firmly to secure it.

c. If needed, press the release lever to activate the suction, ensuring a tight seal on the surface.

2. Mounting the Phone:

- a.** Open the arms of the holder by pressing the side release buttons.
- b.** Place your phone in the holder and adjust the arms to securely hold the phone in place.
- c.** Ensure the phone is balanced and fits securely within the holder's grips.

3. Adjusting the Viewing Angle:

- a.** Rotate the holder 360° to find the optimal viewing angle.
- b.** Adjust the arm to change the distance and position of the phone according to your preference.

4. Locking and Releasing:

- a.** To release your phone, simply press the side release buttons again and gently remove the phone from the holder.
- b.** To remove the holder from the surface, release the suction base by pulling the lever or edge to break the seal.

Cleaning and Maintenance

- 1.** Use a soft cloth or microfiber towel to gently clean the surface of the holder.
- 2.** Avoid harsh chemicals or abrasive materials that could damage the holder's surface.
- 3.** If the suction base becomes dirty, clean it with warm water and a mild soap solution.
- 4.** Allow the suction base to dry completely before reattaching it to any surface.
- 5.** Periodically inspect the holder for signs of wear or damage and replace parts as needed.
- 6.** Store the phone holder in a cool, dry place when not in use to maintain its condition.
- 7.** To preserve the strength of the adhesive, avoid excessive pulling or twisting when adjusting the holder's position.

Safety Precautions

1. Ensure the phone holder is securely attached to the surface before placing your phone in it.
2. Do not place your phone in the holder while driving to avoid distractions.
3. Make sure the phone is balanced properly and does not obstruct your view of the road.
4. Do not use the holder if any part is damaged or worn to maintain stability.
5. Keep the holder away from extreme temperatures, moisture, or prolonged exposure to direct sunlight to prevent material damage.
6. Do not use the holder if it appears loose or unstable, as this may lead to accidents.
7. Avoid placing the holder in locations that may obstruct airbags or other essential vehicle functions.
8. Ensure that the phone holder is not positioned in a way that blocks your line of sight while driving.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
