# Product Overview

The LePresso Dallah is an Arabic coffee and tea brewer designed to offer a unique brewing experience with added convenience and safety. It features a sleek, modern design and is equipped with over-heat protection to ensure safe operation. With a 750ml capacity for the tea brewer and an 800ml capacity for the coffee brewer, it provides ample space for making multiple servings. The device is engineered to maintain the optimal temperature, ensuring that your beverages stay warm for longer periods. Ideal for those who appreciate the rich tradition of Arabic coffee and tea, this brewer combines functionality with a contemporary touch, making it a perfect addition to any kitchen or social setting.

## Specifications

Coffee Pot Capacity	750mL
Tea Pot Capacity	800mL
Pot Material	304 Stainless Steel
Power Cord	UK 3-Pin Plug

## Safety Precautions

- 1.** Do not immerse the Dallah base or Control base in water when cleaning.
- 2.** Do not operate the Dallah without adding any liquids.
- 3.** Do not add coffee powder before boiling. Wait for the device to prompt you to add the coffee powder to prevent liquid from overflowing, which may cause burns from the hot surface.
- 4.** The Dallah must be operated on a flat surface, away from edges, to avoid accidents.
- 5.** Do not plug the wire into the socket if it has touched water or any other liquids.
- 6.** Strict supervision is necessary when the device is being used near children.
- 7.** Always unplug the wire from the socket when the device is not in use. Allow enough time for the Dallah to cool down before cleaning.
- 8.** Do not turn on the Dallah if the wire or socket is damaged.
- 9.** Do not place the Dallah near gas or a hot stove when turning it on.
- 10.** Do not move the Dallah while it is in operation.

## Important Notes

- 1.** The flavor of the coffee depends on the quantity of coffee powder and cardamom you add. The same applies to tea.
- 2.** Do not fill above the minimum level of the Dallah or Teapot.

**3.** Do not clean the Dallah, Teapot, or control base from the bottom.

**4.** The electric current is 220-240V / 50-60Hz / 1600W.

**Warning:** Connecting the device to 110V may damage it.

## Preparing Tea

**1.** Open the Teapot cap, add water up to the maximum level, and put the cap back. There is a MAX sign inside the Teapot.

**2.** Plug the device into a 220-240V socket.

**3.** Press ON, and the device will start automatically, displaying a countdown timer of 15 minutes.

**4.** Upon hearing a beep sound, the "Add Tea" sign will be visible.

**5.** Upon hearing a beep sound, the "Add Sugar" sign will be visible.

**6.** Upon hearing a beep sound, the "Tea Made" sign will be visible.

**7.** To keep warm, press the "Keep Warm" button. The liquid will heat up to 87-92°C for two hours for safety. If you want to use it again, press the button to restart the countdown timer.

## Preparing Coffee

**1.** Open the Dallah cap, add 750 ml of water, and put the cap back in position. The filling mark can be seen both inside and outside the Dallah.

**2.** Plug the device into a 220-240V socket.

**3.** Press ON, and the device will start automatically with the countdown timer displayed in minutes.

- 4.** Upon hearing a beep sound, the "Add Coffee" sign will be visible.
- 5.** Upon hearing a beep sound, the "Add Cardamom" sign will be visible.
- 6.** Upon hearing a beep sound, the "Coffee Made" sign will be visible.
- 7.** To keep the heat, press the "Heat" button, and the liquid will heat up to over 87°C-92°C for two hours for safety. If you want to use it again, press the button to restart the countdown timer.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## Warranty

Products that you buy directly from our **LePresso** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **LePresso** website or store. If **LePresso** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website <https://www.lepresso.com/warranty> and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
